CLAIMS THE HOUSE.

Chairman Kerr Says Democrats Have a Majority.

Declares There Is an Opposition Majority of 23.

Republicans Will Have Majority in the Senate.

The Claims of Republicans Are Strong That They Will Control the Next Congress.

WASHINGTON, Nov. 9.—At 2 o'clock Chairman Kerr, of the democratic congressional committee, claimed the certain election of 190 democrats and fusionists, an opposition majority of 23 and a democratic majority over all of 5.

CONCEDED IT DOUBTFUL.

WASHINGTON, Nov. 9.—At 3 o'clock this afternoon Chairman Babcock admitted that the lower house of representatives was in doubt. He claims 174 districts sure, with fifteen districts in doubt. One hundred and seventy-nine is a majority.

LATE INDICATIONS.

WASHINGTON, Nov. 9.—Returns as far as received by the Associated Press indicate the election of 167 republicans and 164 democrats, populists or silver republicans, with twenty-six districts in the doubtful column.

WASHINGTON, Nov. 9.—Late returns show that the republicans have gained the two doubtful districts in Washington, two in Indiana and one in Kansas. The democrats have gained one doubtful district in Indiana and one in Massachusetts. Should the republicans gain seven more doubtful districts it will give them a straight out majority.

MANY DISTRICTS IN DOUBT.

CHICAGO, Nov. 9.—The Associated Press has received definite information as to the result in 314 of the 357 congressional districts. The republicans have elected 157, the democrats 151, and the fusionists and populists 6. This leaves 43 districts in which the figures available at 1:30 p. m. today were not sufficient to justify more than the use of the word "probable."

At that hour the doubtful districts were thus located:

California	6
Idaho	1
Indiana	6
Kansas	5
Kentucky	1
Minnesota	1
Missouri	1
Nebraska	2
North Dakota	1
Ohio	1
Pennsylvania	3
South Dakota	2
Texas	1
Washington	2
West Virginia	1
Wisconsin	1
Wyoming	1

CHICAGO, Nov. 9.—Up to 2 o'clock this afternoon dispatches to the Associated Press show that the republicans have elected 164 members of congress, the democrats 150 and the fusionists and populists 6. This leaves 37 districts still to be heard from. The additions since the previous bulletin are from North Dakota 1, South Dakota 2, Washington and Illinois 1.

THE SENATE.

WASHINGTON, Nov. 9.—The election returns establish with certainty that the United States senate will have a republican majority after March 4 next. The present party division of the senate is:

Republicans	43
Democrats	34
Populists	6
Silver republicans	6

This was changed prior to yesterday's vote by a republican gain of two, viz., McComas of Maryland, who will succeed Gorman, and Simon, of Oregon, who is elected to fill a vacancy. Of the present republican total of forty-five the terms of seven expire March 4th next, leaving thirty-eight hold-over republicans. To this number the elections of yesterday add ten republican senators surely elected and three probably elected, making a total of forty-eight, or two more than a majority over democrats, populists and silver republicans.

There are twenty-one democratic hold-over senators, and to this number yesterday's elections add four with certainty and one probably, giving a total of twenty-five votes. The populist and silver republican hold-overs number eight, and this was increased yesterday by one, practically sure.

Five state legislatures appear to be much in doubt, viz.: Nebraska, West Virginia, Montana, Indiana and Washington, and are not included in figuring totals.

The states to elect senators in which republican legislatures appear to be assured are Minnesota, Michigan, Delaware, Connecticut, Massachusetts, Tennessee, New Jersey and California.

Five of these are now represented by democrats, who will give way to republicans, namely: Gray, of Delaware; Mitchell, of Wisconsin; Murphy, of New York; Smith, of New Jersey, and White, of California.

The other five states are now represented by republicans, viz.: Burrows, of Michigan; Davis, of Minnesota; Hawley, of Connecticut; Lodge, of Massachusetts, and Quay, of Pennsylvania.

Besides the foregoing the reports indicate a probability of republican legislatures in Wyoming and North Dakota. This would bring about the retirement of democratic senator Roach, of North Dakota, and the re election of Clarke, of Wyoming, or some other republican.

The states electing democratic legislatures, according to present reports, are Tennessee, Missouri, Texas and Florida. These are already represented by democrats, so that no political change is effected. The present democratic incumbents are Bate, of Tennessee; Cockrell, of Missouri; Mills, of Texas, and Pasco, of Florida. The reports state that Utah, also, is likely to have a democratic legislature. Mr. Cannon, of Utah, who will retire, is a silver republican. Nevada reports indicate a legislature which will re-elect Stewart, silver republican.

The legislatures which continue to be in doubt are Nebraska, West Virginia, Montana and Washington. The republican chairman claims Nebraska and the retirement of Allen, populist, for a republican. Indiana also seems to be safely republican in the legislature. In West Virginia, now represented by Faulkner, democrat, both state chairmen claim the legislature. From Montana, now represented by Mantle, silver republican, there are no reports on the legislature upon which definite conclusions can be drawn. In Washington the reports give the legislature as "painfully close." The state is now represented by Wilson, republican.

THE HOUSE.

WASHINGTON, Nov. 9.—Interest in the election today centered in the political complexion of the next house, the senate being concededly republican. Although Chairman Babcock, of the republican congressional committee, did not leave the headquarters until after 4 o'clock this morning, he was back again at his desk shortly after 9 o'clock, dispatching telegrams to all the doubtful districts, urging the chairmen to hurry in the returns.

Mr. Babcock in his figures is taking nothing for granted. This morning he made what he termed an ultra-conservative estimate, in which he eliminated a number of doubtful districts.

This estimate gives the republicans 185 members in the next house, a majority of 13 over all. The states he is most anxious to hear from are Illinois, Indiana and Pennsylvania. Last night he figured the defeat of Boutelle in Illinois. This morning he says he finds that the Chicago congressman has pulled through, but this gain is offset by the unexpected defeat of Williams, in the Twelfth Pennsylvania. The state chairman in California telegraphed that six republicans were elected in that state, with the probability of the defeat of Devries, democrat, which would give the republicans a solid delegation. Not counting on the defeat of Devries, this is a gain of one, as Mr. Babcock only figured on five republicans from California last night.

J. L. Bristow wired that Kansas would send six republicans and that Long had defeated Simpson, but the defeat of Simpson Mr. Babcock declines to credit until he receives further advices. Chairman Greene, of the Texas state committee, claims three representatives in the Lone Star state, but Mr. Babcock only figures on the election of one, Hawley, in the Tenth.

From Indiana no satisfactory advices on the doubtful congressional district have yet arrived but Mr. Babcock in his calculations admits the loss of two districts, those of Faris and Landis, either of which might have been carried by the republicans. He figures a certain loss of three districts in Illinois, leaving two doubtful. Brumm, Lewis, C. W. Stone and Wood in Pennsylvania he puts in the doubtful column.

In his estimate of 185 he does not include the doubtful districts. The returns in the east, middle west and northwest show that the republican losses were in the cities while the gains were in the rural districts, and this encourages him to hope that when the returns come in later from the country some of the districts which now appear to be lost may be saved to the republicans.

This is the case in Page Morris' district in Minnesota. Mr. Babcock now figures upon Morris' defeat, but he thinks there is a chance of his election. There is also a chance of another republican from California, one from Nebraska, one from Kansas, two from Wisconsin, one from Michigan, one from North Carolina, one from Virginia, one from Kentucky.

Chairman Kerr, of the democratic congressional committee, had not appeared at his desk at 10 o'clock and no advices had been read since he gave out his statement at 3:30 this morning. This statement claimed an opposition majority of 27.

Mr. and Mrs. W. H. Cooke were pleasantly surprised last evening by the O. N. O. club, the occasion being the eleventh anniversary of their marriage. The evening was spent at cards and other games.

ROUGH RIDER WINS.

Roosevelt Elected Governor of New York.

Defeats Van Wyck by About 20,000 Plurality.

Legislature of Empire State Will be Republican.

Returns From Other States Show That Republicans Have Won Numerous Victories at the Polls.

NEW YORK, Nov. 9.—Revised returns as they came in early today made practically no change in those of last night, which showed the election of Colonel Theodore Roosevelt, republican, for governnr, by a plurality of from 18,000 to 20,000 over August Van Wyck, democrat, As compared with the election of 1896 when Black defeated Porter, this shows a republican loss of from 190,000 to 195,000.

Roosevelt came to the Harlem river with 105,000 plurality, and Van Wyck had but 85,000 in Greater New York, with which to meet him. An analysis of the vote outside of the city shows that Roosevelt lost 61,500 as compared with Black, while in the city his vote was 61,000 smaller than Black's.

In the country districts Van Wyck ran about 20,000 and in the city about 54,000 ahead of Porter. The state's congressional delegates will probably stand 15 republicans to 19 democrats, a democratic gain of 11. In old New York city (Manhattan borough) no republicans have been returned, and a notable feature of the election was the defeat by Captain William Astor Chanler of Lemuel E Quigg for congress in the Fourteenth district, where the former overcame a republican plurality of 11,790 two years ago, and won by about 3,000. The state legislature will be republican on joint ballot by 32 votes, insuring the election of a republican to succeed Senator Edward Murphy, jr., on the expiration of his term on March 3, 1899.

The state senate will stand 27 republicans to 23 democrats, a democratic gain of 9. The republicans will have 89 members of the assembly and the democrats 61. This is a republican gain of 11.

The vote up the state furnished several surprises. Rochester, the home of George W. Aldridge, commissioner of public works, gave Roosevelt only 420 plurality against 4,196 for Black in 1896. Rensselaer county, the home of Governor Black, gave Van Wyck a plurality of about 700. Black carried it by 2,800. Roosevelt ran ahead of Black's figures in Allegheny by 300 and in Broome by 2,500.

PENNSYLVANIA.

PHILADELPHIA, Nov. 9.—It was nearly 6 o'clock this morning before the returns from the last Philadelphia ward were received and the net result was almost as great a surprise to the republicans as to the democrats and prohibitionist. When the ballots had been counted it was found that Stone, republican, had carried the city by a plurality of 85,900, which, with his plurality in the state outside of Philadelphia county, will probably run the republican plurality for the head of the ticket up to 150,000 over Jenks, democrat.

Late returns from the Twelfth congressional district show that Stanley Davenport, democrat, has probably been elected by a small plurality over Morgan B. Williams, republican, the present member. The other congressional candidates remain unchanged from last night's reports.

PHILADELPHIA, Pa., Nov. 9.—The next Pennsylvania legislature, which meets in January and elects a successor to United States Senator Quay, will consist of 254 members on joint ballot, 128 votes being necessary to elect a senator. The friends of Senator Quay claim today that they have 131 votes on joint ballot for Mr. Quay, three more than is necessary to elect. This estimate, they say, is independent of the members favorable to Senator Magee, in Allegheny county, and the followers of David Martin, in Philadelphia.

The anti-Quay people in this city dispute these figures and claim that they have elected sufficient members of the assembly to defeat the re-election of Senator Quay.

Senator Quay in a telegram from his home this morning conceded the election of two democrats to the legislature from his home county of Beaver by 400 majority. This is a democratic gain.

DELAWARE.

WILMINGTON, Del., Nov. 9.—Detailed returns from Kent and Sussex counties were not received until this morning. They are sufficient to show that the next legislature of this state is almost surely republican in each branch and certainly republican on joint ballot. The republicans will thus elect a successor to United States senator Gray, democrat.

CALIFORNIA.

SAN FRANCISCO, Nov. 9.—California has elected a republican governor and probably the entire state ticket by pluralities estimated at from 5,000 to 20,000. Complete returns will not be in for twenty-four hours at best, but the election of Henry T. Gage, republican, over James G. Maguire, democrat, is conceded. The republicans have swept everything before them and John D. Spreckels, the California member of the republican national committee, claims the election of six out of seven congressmen. There is even some doubt regarding the election of Devries, democrat, in the Second, who two years ago defeated Congressman Grove L. Johnson by 8,000, but Devries will probably win by a small margin.

The republicans will have a large majority in the legislature, which will this winter elect a United States senator to succeed Stephen M. White, democrat.

OHIO.

COLUMBUS, Nov. 9.—Additional returns today do not materially change the result announced last night of over 60,000 republican plurality on the state ticket and fifteen republican to six democratic congressmen. The republicans are celebrating the election of so many congressmen in what is known as the "off year" as they elected at the last presidential election, while they more than doubled the plurality of 28,000 for Bushnell for governor last year. In the odd years a governor and full state ticket, with members of the legislature, are elected every two years, while in the alternate or even years only a few minor state officers with congressmen are elected, as was the case yesterday, but the alternate or even years come once in four years with the presidential campaign, so that the "off year" comes only once in four years and always two years after the presidential election. The republicans have historically lost in Ohio in these "off years," except when Cleveland was president, when the democrats had the same experience because of disappointments, disaffection, etc.

While the result may not be regarded as specially significant, it is very surprising to the politicians on both sides in the state, and other democratic managers say that President McKinley is the first republican president to get the endorsement of this state in the "off year" of his administration.

Chairman Daugherty, of the republican state committee, attributes the result to the sentiment for such endorsement.

Chairman Blacker, of the democratic state committee, says the result was due to the administration successfully conducting the war.

NEVADA.

CARSON, Nev., Nov. 9.—The election in this state, according to the latest returns, has resulted in the election of McMillan, republican, for governor over Sadler, democrat, by a small majority. Frank G. Newlands, silver, is elected to congress. The legislature, which will be republican, is believed to be favorable to the election of Senator Stewart.

ILLINOIS.

CHICAGO, Nov. 9.—Returns from every county in the state indicate the election of Whitemore, republican, for state treasurer by a plurality of nearly 30,000. Few of the returns are complete. The majority for other republican candidates will probably exceed that for Whitemore, as he was cut heavily in Cook county, including Chicago. Enough legislative returns have been received to show that the lower house will be democratic by about six votes and the senate, republican, by about eleven votes.

In Cook county, aside from congressmen, the entire republican ticket, with possibly one or two exceptions, was elected by pluralities ranging from 5,000 to 6,000. The county was carried for McKinley by nearly 70,000. In Winnebago county Frank S. Regan, prohibitionist, was elected to the legislature, the first time in the history of the state that a prohibition legislative candidate has won.

IDAHO.

BOISE, Idaho, Nov. 9.—For the first time in the history of this state women have voted for a congressman and state officers. They took the liviest interest in the proceedings. In view of the isolation of many places accurate returns are not yet available. It is, therefore, somewhat difficult to say what effect the vote of the women has had on the general result. It is known, however, that the women have not voted along partisan lines.

KANSAS.

TOPEKA, Kas., Nov 9.—The election in Kansas is in doubt with both sides claiming the state by a small majority. It will probably require the complete returns to decide the result.

Secretary Frank L. Brown of the republican state committee makes the following statement:

"Mr. Stanley is undoubtedly elected governor, as is the entire state ticket."

The precincts heard from are largely in the cities and towns. Of the country precincts reported the gains are remarable. If the country precincts continue to show increases the ticket will be elected by about the majority predicted by the committee last Saturday."

Chairman Taylor Riddle, of the populist state committee, says:

"Incomplete returns from all parts of the state would indicate that Leedy and the entire fusion ticket are elected by 8,000 plurality. Five populist congressmen are elected. Two districts are in doubt. Curtis' election is conceded by a reduced majority.

NEBRASKA.

LINCOLN, Neb., Nov. 9.—Belated precinct returns today continue to indicate that Nebraska has turned a political somersault and landed in the republican column. Three hundred and seventeen precincts outside of Lincoln and Omaha give Hasward, republican, for governor, 29,494; Poynter, fusion, 26,362; a net republican gain of 4,787. If this gain is maintained, Hayward will carry the state by over 40,000. Figures on legislative candidates are not such as to make comparisons possible but show that they shared equally with governor. In a few counties which went fusion on the state ticket the republican legislative candidates are elected, which makes the claim that the legislature on joint ballot is republican, a conservative one. The First and Second congressional districts are republican, the Third and Sixth fusion, and the Fourth and Fifth in doubt.

MINNESOTA.

MINNEAPOLIS, Nov. 9.—Unofficial and incomplete, but apparently reliable returns, indicate John Lind, fusion candidate, has been elected governor of Minnesota by a plurality of 10,000.

Five out of seven congressmen surely republican. Sixth and Seventh districts are close and claimed by both sides.

James Gray, fusionist, elected mayor of Minneapolis by perhaps 5,000, the largest plurality ever given in this city to a candidate not a republican.

WYOMING.

CHEYENNE, Nov. 9.—Wyoming has gone republican on the state and congressional tickets in majorities ranging from 1,000 to 1,800 votes. The legislature is also undoubtedly republican and will elect a republican senator to succeed D. C. Clark. Returns from 31 precincts out of 287 districts in the state are now in. These gave 260 majority for Mondell for congress in 1896 and now give him 529 majority, a net gain of 269. In these precincts Richards, republican, for governor, has 394 majority, a net gain of 134 votes.

MISSOURI.

ST. LOUIS, Mo., Nov. 9.—Returns from all over Missouri are coming in very slowly today and though far from complete, everything received points to the election of the entire democratic state ticket by at least 30,000 majority and the selection of a majority of members of the legislature, ensuring the re-election of United States Senator Cockrell. Three republican congressmen in St. Louis have been re-elected and it is possible that all the twelve congressional districts outside the city will be represented by democrats, though final returns may change this somewhat.

In St. Louis the republicans elected their city ticket by majorities ranging from 4,000 to 7,000.

WISCONSIN.

MILWAUKEE, Nov. 9.—Election returns, though far from being complete, indicate that Governor Edward Schofield, republican, is sure of election by at least 20,000 plurality. Republican Chairman Treat still sticks to his claim of 40,000. The Sentinel says at least 30,000, while National Democratic Committeeman Wells says at least 5,000 to 10,000 plurality, though he would not concede this, having heard from but 10 per cent. of the precincts in the state. Milwaukee county complete, with the exception of the village of Cudahy, gives Schofield 592 plurality. This county also elected a republican ticket with the exception of sheriff, which went to the democrats.

Republicans elect congressmen in every district except the Second, which is still in doubt. The legislature is overwhelmingly republican, the senate consisting of thirty-one republicans and two democrats and the assembly seventy-seven republicans and twenty-three democrats, a republican majority on joint ballot of eighty-three.

KENTUCKY.

LOUISVILLE, Nov. 9.—The democrats of Kentucky won a sweeping victory yesterday by electing nine and possibly ten congressmen out of eleven, and prevented the republicans from gaining control of the court of appeals.

Democratic congressmen were elected in the First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth and Tenth districts, and while the race is close in the Ninth, it looks like Williams, the democrat, has won. This is a democratic gain of two congressmen, with a possible gain of three. The present delegation stands seven democrats to four republicans.

The biggest victory, however, was in the Third appellate court district, which was carried by McKinley in 1896 by 2,200 majority. Hobson, the democratic nominee for judge, not only overcame this majority, but has won, with about 2,000 votes to spare.

[CONTINUED ON SECOND PAGE.]

WON BY DEMOCRATS

Candidates' Majorities Vary Several Hundred Votes.

Congressman Robinson Receives a Big Vote.

And Wins a Handsome Victory in the District.

Sheriff Melching and Billy Meyer Will Have the Biggest Majorities--Hanna Leads Republicans.

The election is over in Allen county and as predicted in THE SENTINEL the entire democratic ticket wins by majorities ranging from 1,200 to more than 3,000. There was plenty of scratching in every precinct, most of it being confined to the county ticket. Republicans were just as free in refusing to vote for candidates on their ticket as were the democrats and the result is that the majorities on the several candidates will vary hundreds of votes. Robert B. Hanna was the strongest man on the republican ticket and when the first returns came in there were indications that he might win or at least carry the city by a fair majority. But the later precincts from the outlying wards showed more favorable for Mr. Kell and when the complete returns for the forty-six precincts in the ten wards of the city were summed up Mr. Kell had thirteen more votes than Mr. Hanna.

This, of course, insured the election of Mr. Kell, as there was no question of a big majority for the county ticket in the country precincts.

Sheriff Melching and William Meyer had a neck and neck race for the highest vote, the sheriff leading by less than fifty votes in the city and Wayne township. The friends of Eric Crull were out in force and he made a creditable race, cutting into Dr. Barnett's vote considerably. While Mr. Gallmeier secured a few more votes than Mr. Brandeberry he did not make anywhere near the race the republicans anticipated. Mr. Heaton made a creditable race against Judge Dawson, who, in spite of vicious and villainous attacks on his character which he did not deem it necessary to deny, was re-elected by a comfortable majority.

MR. ROBINSON'S STRENGTH.

A pleasing feature of the election was the vote cast for James M. Robinson, candidate for congress. He was attacked viciously in the columns of republican papers all over the district and appeals were made to the prejudices of the voters and harrowing tales were presented as to what he would do in congress. It was told how thousands of gold democrats would vote against him and the workingmen would register their verdict in favor of his staying at home. But these predictions did not materialize. Instead Mr. Robinson received the largest vote of any candidate on the democratic ticket and his plurality in the city and Wayne township is 400 greater than that of the state ticket. In less than half a dozen precincts did Mr. Robinson run behind the state ticket while in the workingmen's precincts he ran ahead.

Advices from Noble county are that Stemen carried the county by about 200, Whitley gives Robinson between 200 and 300, DeKalb goes for Robinson between 400 and 500, LaGrange gives Stemen about 600 and no advices have been received from Steuben. This means Congressman Robinson's re-election by between 1,000 and 1,500 majority.

With all precincts in but twenty-one Congressman Robinson has a majority of 1,897, and will probably go out of the county with more than 2,300 majority.

THOUSANDS FAILED TO VOTE.

The big surprise to the managers of both sides was the small vote. When the polls closed it was known that hundreds of voters had failed to visit the polls, but not until this morning, when return scame slowly in from the country, did they realize how small the vote really was. THE SENTINEL figures this afternoon at 3 o'clock show that in seventy-one of the ninety-two precincts of Allen county only 11,835 votes had been cast.

The twenty-one precincts to be heard from are in the country precints, and should the same proportion have voted as voted in the country precincts reported, the total vote will reach only 14,685 votes, against 18,632 cast in the election of 1896, a decrease in the total vote of almost 4,000. The stay-at-home vote was not all democratic, but when the polls closed last night and showed the shortage, democratic managers were frightened. It was feared that the republicans had gotten out a full vote, and the stay-at-homes were democrats.

But the returns indicated either that a big percentage of republicans did not vote or else they voted the democratic ticket. It is estimated that of the 4,000 stay-at-homes, three out of four were democrats. This means that the democratic managers were right in their prophesies of an overwhelming majority with a full vote, one not unlike that when 3,500 was a very small majority. The biggest surprise, however, was the extremely small vote in the country. In many precincts the democratic vote was not as large as the majority had frequently been.

In the city the total vote was 8,905, fully 2,000 less than the poll books showed. Of this vote Ralstone, democratic candidate, received 5,000, and Hunt, republican, received 3,899, showing a plurality of 1,107 in the city and Wayne township. Two years ago McKinley carried the township by less than 100.

Congressman Robinson received 5,141 votes in the city and Wayne township and Dr. Stemen's vote was 3,705, showing a plurality for Mr. Robinson of 1,436.

HANNA LED HIS TICKET.

Robert B. Hanna received the largest vote of any republican candidate in Wayne township and the city and George Kell received the lowest vote of any democratic candidate. The total was: Kell, 4,278; Hanna, 4,208; Kell's majority, 70. Mr. Kell, however, carried the four precincts outside the city by 76 majority, showing that Mr. Hanna carried the city wards by a majority of 6. In nineteen of the forty-two country precincts Mr. Kell received 1,414 votes and Mr. Hanna 1,120, a majority for Mr. Kell of 294. Add to this his majority of 76 in Wayne township and the city and Mr. Kell, with twenty-three precincts to hear from, has 370 more votes than Mr. Hanna, indicating that his majority in the county will not be much in excess of 500.

With twenty-eight precincts to hear from, Judge Dawson has 5,515 and Mr. Heaton, his republican opponent, 4,647, showing a majority for Judge Dawson of 866 and indicating his election by more than 1,100.

With twenty-eight precincts to hear from E. V. Emrick's vote is 5,939; John Abel's, 4,467, a majority for Mr. Emrick of 1,472, indicating that his majority will reach nearly 2,000.

With twenty-eight precincts to hear from, Frank Belot, for clerk, has 5,814 votes; Diffenderfer, 4,372 votes, a majority for Mr. Belot of 1,442, indicating that he will win by 2,000 or more.

With twenty-eight precincts to hear from, Captain Rohan, for treasurer, has 5,659 votes and Colonel Oakley has 4,623, a majority for Mr. Rohan of 1,036, indicating that he will be elected by nearly 1,500 majority.

With twenty-eight precincts to hear from, William Meyer has 6,253 votes and A. C. Keel 4,016 votes, a majority of 2,237 for Mr. Meyer, indicating his election by almost 3,000.

With twenty-eight precincts to hear from Mr Gillette, for recorder, has 5,597 votes and Cy Fike has 4,485, a majority of 1,112 for Mr. Gillette, indicating his election by 1,500 majority.

With twenty-eight precincts remaining to be heard from, Sheriff Melching has received 6,403 votes, and Captain Bradley received 3,673 votes, a majority of 2,430 for Mr. Melching, indicating that his majority will exceed 3,000.

With twenty-eight precincts to hear from, Dr. Barnett, for coroner, has 5,511 votes and Dr. Crull has 4,676, a majority of 835 for Dr. Barnett and indicating his election by 1,200.

With twenty-eight precincts to hear from, John A. Buschman, for surveyor, received 5,810 votes and L. P. Sharp received 4,400, a majority of 1,410 for Buschman, indicating his election by 1,700 or 1,800.

With twenty-six precincts to hear from Mr. Baker, for commissioner, received 5,849 votes and Mr. Brandeberry 4,705 votes, a majority of 1,144, indicating that Mr. Baker will be elected by 1,500 majority.

With twenty-eight precincts to hear from Ed Orff, for commissioner, gets 5,557 votes and Mr. Gallmeier gets 4,651, a majority of 906 for Orff, indicating his election by 1,200.

With twenty-eight precincts to hear from W. C. Ryan, for joint senator, gets 5,798 votes and Mr. Johnson gets 4,703, a majority of 1,095 for Ryan, indicating his election by 1,400.

With twenty-five precincts to hear from, Robert B. Shirley, democrat, has 5,606 votes; with twenty-six precincts to hear from, George W. Louttit has 5,649 votes; with twenty-seven precincts to hear from George Lawrence has 5,715 votes; with twenty-five precincts to hear from Mr. Coverdale has 4,954 votes; with twenty-seven precincts to hear from Mr. Klaehn has 4,697 votes; with twenty-seven precincts to hear from Mr. Jones has 4,526 votes. This insures the election of Messrs. Shirley, Louttit and Lawrence by safe majorities.

HOOSIER STATE LOST

Republicans Carry Indiana by 10,000 Majority.

Figures May be Increased by Later Returns.

Democrats Concede the Loss of the State.

Probable That Landis and Faris, Republicans, Have Been Defeated for Congress--The Latest.

INDIANAPOLIS, Ind., Nov. 9.—At 1 o'clock, with one-fifth of the precincts in the state heard from, the indications are that the republican plurality will be near 15,000. It may vary 2,000 either way from that estimate. The democratic state committee early this morning conceded that the republicans had won in the state. Large democratic gains are shown by some counties, while other counties show large republican gains.

The vote on congressmen has come in slowly, but such returns as have been received indicate that the republicans have won in all the districts except the Second, Third, Fourth and Twelfth. Some doubt as to the result in the Fifth and Eighth districts are still expressed by the democrats, who have an impression that the later returns will show that they have won in those districts.

From the returns at hand it would appear that the republicans will have a majority in both branches of the legislature and a majority on joint ballot of about 16.

THE EARLY REPORTS.

INDIANAPOLIS, Ind., Nov. 9.—At 7 o'clock the returns indicate the certain election of Overstreet, republican (Indianapolis district), to congress.

The democrats concede the republicans a majority in the state of about 10,000.

The republicans claim more than this. This (Marion) county, where a bitter fight has been waged, looks republican with the possible exception of auditor.

WHITE RULE.

People of Wilmington Hold a Mass Meeting.

Supremacy of Whites Over Negroes Declared and Will be Enforced North Carolina.

WASHINGTON, Nov. 9.—A special to the Star from Wilmington, N. C., gives the details of a mass meeting of 600 citizens of that city at the court house there today "to assert the supremacy of the white man."

Ex-Representative Waddell presided and read a series of resolutions reciting the determination of the white citizens to forever rule the city and to commence the work immediately, declaring that hereafter white labor should be given preference over colored and calling for the banishment of Alex P. Manley, the negro newspaper publisher who printed an objectionable editorial recently. An amendment was offered, calling on the mayor and chief of police and board of aldermen to vacate their offices now instead of waiting until their terms expire in March. These resolutions were referred to a committee, and while awaiting its report several speeches were made, one of the speakers, Representative-elect Bellamy, urging the expulsion of Manley in twelve hours, but counselling moderation in other respects. The committee soon reported its conclusions favoring the expulsion of Manley as proposed, urging the employment of white labor as far as possible, and a resolution reciting that the mayor and chief of police having demonstrated their incapacity and their continuance in office being a menace they should resign. The report was unanimously adopted and a committee of twenty-five was appointed to carry into effect the resolutions adopted.

It is understood that Manly has already left the city. The mayor and chief of police say they will not resign as the resolutions call for, but will serve out their terms.

ALLEN county is the same old "green spot," but there are others.

ALLEN county resumes business as the Gibraltar of the Indiana democracy.

THE result in New York will be taken by some to mean that Croker is regarded as a worse boss than Tom Platt.

IT will take something hotter than earthly fire to regenerate Pennsylvania. Quay swung the state, did it easily and by a majority large enough to serve notice on the world at large that he is the owner in fee simple of the Keystone commonwealth.

SHERIFF MELCHING and William Meyer, jr., ran like wild horses. There is a team that nobody can outfoot when it comes to vote-getting.

THE saloon vote aided in giving George Kell a hot chase, but he saved himself in the city by the narrowest of margins and the country backed him up most loyally.

THE people are satisfied not only with the fact that Allen county is to have the finest county building in the state and one of the finest in the country, but are satisfied that it is being honestly, economically and properly built. The unfounded charges of jobbery and corruption are rebuked, as they should be, by the re-election of Commissioners Baker and Orff.

JUST get your eye on the vote polled in the city of Fort Wayne for Hon. James M. Robinson. Mr. Robinson is re-elected to congress by a great increase in the majority he received two years ago and the bulwark of his strength was right here in Fort Wayne, where the majority of the voters are workingmen, who were solemnly warned that a vote for him was a vote to reduce their wages, to turn back the tide of prosperity and turn loose the floodgates of disasters unnamed and unnamable. Congressman Robinson has been paid a magnificent tribute by the democracy of the Twelfth district, who rallied to his support with an enthusiasm that could know no defeat.

IT is extremely gratifying to record that Hon. C. M. Dawson has been re-elected to the superior bench, despite the almost superhuman effort made to defeat him. The fight waged against Judge Dawson was peculiarly bitter and in some respects it approached malignance. Notwithstanding this, he has been re-elected by a handsome majority and the judge, his hosts of friends, the democracy of the county and the public generally is to be congratulated upon his return and the splendid vindication carried with his success. Judge Dawson will further vindicate himself in his administration of the affairs of his bench by continuing to measure out justice in the same able, honorable and impartial manner that has so eminently marked his career in the position he has signally graced for nearly eight years.

IN THE STATES.

Elections were held yesterday in forty-three states. Returns up to a late hour this afternoon confirm the earlier reports that throughout the north the republicans have been almost uniformly successful. There was a great falling off of the vote, but the anomaly is presented of some greatly augmenting the percentage of gain shown in 1896 and others falling far below.

Indiana seems unquestionably to have been carried by the republicans for the state ticket. The majority indicated by late returns is about 10,000. Two and possibly three democratic congressmen are gained.

Outside of Indiana interest here has centered in the remarkable campaign in New York, where Theodore Roosevelt was elected over Augustus Van Wyck by about 20,000. Pennsylvania rolls up an astounding republican majority for the Quay faction of the republican party.

The probability is that the republicans will control both branches of the next congress. There is no doubt of this as respects the senate. Control of the house is involved in some doubt, with prospects perhaps slightly favoring the republicans.

VICTORY IN THE COUNTY.

The democracy of rock-ribbed old Allen won a magnificent victory at the polls in yesterday's election.

The entire democratic ticket from top to the bottom was elected by majorities covering a wide range, some of them overwhelming, some very large and all substantial. The ticket was a good one and commanded the attention and the confidence of the voters, notwithstanding the attack made upon it. The republican ticket was distinctly weak and could not even command the party strength. These two facts, in connection with the fact that Allen county's affairs have been well administered by democratic officials, explains the great victory.

The officers elected yesterday will serve the people well. They are honest and clean men, possessing unquestioned fitness for the duties that will fall upon them and strong in individual character.

The ticket was one of the best that has ever been presented to the voters of the county and the people were not to be stampeded by false issues or distracting cries.

The result redeems Allen county's ancient position as the stronghold of the Indiana democracy and the democrats are justified in the keen jubilation they feel.

A CONFERENCE.

Meeting of the Charities and Correction This Month.

Among the Speakers Will be Hon. T. E. Ellison, Supt. A. S. Johnson and O. E. Mohler.

The state conference of Charities and Correction will be held at Indianapolis on November 15th, 16th and 17th, and will be attended by a number of people from this city. The conference will consist of representatives from charitable, benevolent and penal institutions all over the state, and any member of such organizations or institutions are made welcome at the meeting.

The program will include addresses on prison reform, benevolent institutions, such as feebleminded, blind, insane, etc., and on charity. Those from this city who are to take part in the program are: Hon. T. E. Ellison, Supt. A. S. Johnson and O. E. Mohler. The lattter, as secretary of the Associated Charities, will present a report of the local work in this direction the past year. Mr. Ellison will give a prison talk, and Mr. Johnson will have several addresses.

INSPECTING SCHOOLS.

Dr. Drayer Begins a Careful Examination of School Premises and Buildings.

Dr. L. P. Drayer, city bacteriologist, is inspecting certain schools to discover infection, if any exists. Yesterday he inspected the St. Mary's school, finding everything in good shape. It is possible that some of the schools have been infected in the city, but the health officers do not believe it will be necessary to close any of them. A diphtheria scourge has been encountered nearly every year for a long time, but it usually comes about a month after school opens in the fall. This year no contagion has appeared for two months after the opening of school, beyond a few scattering cases, and the board of health and its officers had hoped that the city might escape altogether this year.

QUAIL SEASON.

It Opens Tomorrow and Many Hunters Will Start Out for Sport.

The season for shooting quail without penalty opens tomorrow. Not a few hunters have failed to await the arrival of the season and have violated the laws of the state and the code by which true sportsmen shoot, but there are scores of sportsmen who attach some honor to the killing of game and these men will venture forth tomorrow with a free conscience. They will find an abundance of game, for this is thought to be the best quail season for years. This is due to the fine fall, which has been free of early frosts, thereby preserving the nourishment in the food that the birds subsist on.

IT INVOLVES MUCH.

Fort Wayne Electric Works May Change Hands.

Rumor Not Denied by Manager R. T. McDonald.

General Electric Said to be After the Plant.

The Possible Effect of Such a Deal Upon the Manufacturing and Laboring Interests a Subject of Much Talk.

The report that R. T. McDonald has under consideration an offer from the General Electric company for the purchase of his valuable electric light factory and franchises in this city was the absorbing theme for conversation in business and financial circles today. Nearly everybody seemed to take it for granted that the story was true and the only matter for doubt in the minds of the gossips was the bearing such a deal would have upon the business and labor interests of Fort Wayne.

With a view to learning something definite concerning the alleged deal, a SENTINEL representative called upon Mr. McDonald at his office on Broadway. That gentleman would neither deny nor confirm the report, saying he preferred to have nothing said in the papers about the matter. His actions and remarks, however, created the impression in the mind of the reporter that there was some foundation for the story and he pressed Mr. McDonald for some information, but without avail.

When asked if such a deal were to be effected, would the works remain here and be operated as they now are? Mr. McDonald said that was a matter which would be decided by the new management, if there should be one. Further than this, he would not talk upon the subject.

The electric works under Mr. McDonald's management have been a great benefit to this city, giving employment to several hundred of our mechanics and laborers. A change in the ownership would be unwelcome to Fort Wayne business men and citizens generally and it is hoped that Mr. McDonald, if he really has an offer for the property, will reject it.

TWO SALOONS OPEN.

Affidavits Filed Against P. Certia and Frank Belchin.

They Disobeyed the Mayor's Orders and Had Their Saloons Open--William Hilker Case Dismissed.

This morning affidavits were filed against Peter Certia and Frank Belchin, charging them with keeping their saloons open on election day. The cases will come up for hearing in the mayor's court unless the defendants settle without trial.

WILLIAM HILKER ON TRIAL.

This morning William Hilker was before the mayor, charged with selling liquor to Gustave Reamer, a minor. The evidence showed that Ed. Reamer, a bartender for Hilker, sold drinks to the youth, who is his brother, and this fact vindicated the defendant from any intention to disobey the law. The mayor dismissed the case, at the suggestion of the deputy prosecutor, A. E. Thomas. The attorney for Mr. Hilker was Judge Hench.

A LONE DRUNK.

Frank W. Reese, a lone drunk, was too much under the influence of an election jag to look the mayor intelligently in the face this morning and he was sent to jail to sober up.

President Reaches Washington.

WASHINGTON, Nov. 9.—The presidential party reached Washington on their return from Canton at 7:15 o'clock this morning. At several points on the road up to the hour for retiring the president received Associated Press election bulletins and repeatedly expressed his gratification at the results in several of the states where the contest had been the hottest.

ROUGH RIDER WINS.

[CONTINUED FROM FIRST PAGE.]

IOWA.

DES MOINES, Iowa, Nov. 9.—It is estimated today that the republican plurality on the state ticket will be about 45,000. Chairman Hancock, of the republican state central committee, is confident that the count will show 60,000. Returns do not show a single democratic congressman elected, but chairman Townsend refuses to recede from the following signed statement made very early this morning:

"We confidently claim the election of General Weaver in the Sixth district and believe that full returns will show the election of other democratic congressmen from Iowa."

MICHIGAN.

DETROIT, Mich., Nov. 9.—The results of the state election are unchanged by any late returns or estimates. Governor Pingree's plurality is placed at about 55,000. It nearly holds its own with the governor's plurality of two years ago proportionately to the size of the vote cast. All the congressmen elected are republicans. The legislature, which is to elect United States senator for full term, stands politically about as follows:

Senate, 29 republicans, 3 democrats; house, 93 republicans, 7 democrats. The present legislature has 6 democrats in the senate and 19 in the house.

The contest for senator will be between Senator Burrows and Albert Pack, of Detroit. Mr. Pack is the Pingree candidate.

COLORADO.

DENVER, Colo., Nov. 9.—The entire fusion state ticket, headed by Charles S. Thomas, democrat, for governor, is elected by a majority approximating about 50,000. This is by far the largest majority ever given a candidate for governor in Colorado, but is less than half of Bryan's majority for president. Arrapho county, including Denver, gave about 10,000 fusion majority, and El Paso county, including Colorado Springs, 4,000. The republicans won in only a few counties in the eastern part of the state. Of seventeen hold-over state senators it appears the republicans have secured two, and in three districts the result is doubtful. The fusions have an overwhelming majority in the legislature.

SOUTH DAKOTA.

SIOUX FALLS, S. D., Nov. 9.—Returns from twenty-seven precincts in the Black Hills show a net republican gain of 600. So far the net republican gain in the state is 1,400. The fusionists still claim the state, but it is almost certain the republicans have it on the entire state and congressional ticket.

TENNESSEE.

NASHVILLE, Tenn., Nov. 9.—The majority of McMillan, democrat, for governor, over Fowler, republican, is estimated at from 10,000 to 20,000. The democrats have a majority of the legislature. The republicans have carried the first and second congressional districts, the other eight giving democratic majorities.

NEW JERSEY.

TRENTON, N. J., Nov. 9.—The latest returns indicate that Foster M. Voorhees, republican, plurality for governor will be between 8,000 and 10,000. There will be a republican majority in each branch of the legislature, insuring the election of a republican to succeed Senator James Smith, democrat.

VIRGINIA.

WASHINGTON, Nov. 9.—A Star special from Richmond, Va., says that state will send a solid democratic delegation to congress. All the ten democratic nominees have been elected according to returns received late last night and today. The hardest fight was in the Ninth district where Judge Rhea, democrat, opposed General Walker, republican. Rhea has probably defeated Walker by 1,000 to 1,500 majority. The other democrats were from 1,500 to 12,000.

NORTH CAROLINA.

WASHINGTON, Nov. 9.—A Star special from Wilmington, N. C., says:

The democratic majority in the city and county is about 1,235. In the city proper the majority for the democrats is about 1,000. The republican majority for congressman two years ago was about 650. The republican leaders assert there was many purchases of votes, but that they counselled their followers not to resist it,

The Sixth congressional district is democratic by probably 4,000 majority. Two years ago it was carried by the republicans and populists by 5,006.

WEST VIRGINIA.

WHEELING, W. Va., Nov. 9.—In the first district, Wheeling, B. B. Dovenor, republican, is re-elected to congress by 1,800 majority over Blair, democrat. The legislature is still in doubt, there being gains and losses on both sides. The majority on joint ballot for either party will be small.

CHARLESTON, W. Va., Nov. 9.—The election of Johnson, democrat, for congress in the third district, is conceded by Bouston, chairman of the republican committee. Doveno, republican, is elected in the first district. Second and fourth districts still in doubt, but probably carried by republicans. State senate republican and lower house democratic, with vote on joint ballot still in doubt.

UTAH.

SALT LAKE, Utah, Nov. 9.—The democrats have elected Roberts to congress and carried the legislature, which will elect a United States senator.

Returns from sixty-two districts in the city and state gave Baskin, (dem.) for supreme judge, 5,620; Zane, (rep.) 4,824.

NORTH DAKOTA.

FARGO, N. D., Nov. 9.—Today's figures from the largest counties, although not complete, make the republican majority certain on entire state ticket from 4,200 to 4,800, except Halland, superintendent of instruction, who is running very close with a probability of defeat. It is estimated that the republicans have a majority in the legislature on joint ballot of 30. Republican gains are reported in many democratic strongholds. Spalding, republican, nominee for congress, leads the ticket by 500 to 800.

THE END IN SIGHT.

War Board of Enquiry Working Hard at Finish.

CHICAGO, Nov. 9.—By working from 10 to 12 hours a day the war investigation commission arrived nearly at the end of the list of witnesses to be heard in this city. They will probably leave for Detroit tonight.

The traveling of the committee has all been done at night. Dr. Connor says they have seen only a stretch of seventy-five miles of country by daylight. Three sessions have been held every day except Sundays. The number of witnesses summoned for examination at Detrict is comparatively small and it is not thought that the committee will be compelled to remain there longer than two days, leaving for Washington some time on Saturday.

Prince George to Rule in Crete.

CONSTANTINOPLE, Nov. 9.—Great Britain, France and Italy have accepted Russia's proposal to appoint Prince George, of Greece, high commissioner of the powers in the Island of Crete. The Turkish government has appealed to Germany and Austria against the proposal, but ineffectually.

LOOKS WARLIKE.

French Mediterranean Fleet is Ready for Sea.

Preparations Are Completed for a Move of Some Sort--Great Activity at Toulon.

PARIS, Nov. 9.—The Echo de Paris today publishes a dispatch from Toulon which says the entire French Mediterranean squadron is ready for sea. It adds that Admiral Fournier, its commander, received a cipher dispatch last evening, whereupon he signalled to the Forbin, a third class cruiser, to bank her fires and the fastest torpedo boat conveyed orders to the admiral commanding the squadron of French cruisers and torpedo boats to assemble immediately at Toulon, where all the vessels are prepared for action and where the arsenals and ship yards have been worked all night. Later it developed that Admiral Fournier had been summoned to Paris.

SILENCE APPROVED.

PARIS, Nov. 9.—The French newspapers, generally, approve the silence of the chamber of deputies on the subject of Fashoda and congratulate M. Brunot on his withdrawal of the interpellation which he intended to address to the government on the subject.

INSTANTLY KILLED.

Shocking Fate of Conductor H. W. Keller.

Falls From His Train at Hamlet, Ind.,

And the Wheels Crush His Head and Left Arm.

Was in the Service a Quarter of a Century and This Was His First Accident.

A terrible fate overtook Henry W. Keller, a Pennsylvania freight conductor, at Hamlet, at 6 o'clock this morning, while he was performing the duties of his calling.

He left this city at 11:30 o'clock last night with fast freight train No. 65, Chester Darnell at the throttle, bound for Chicago. At Hamlet the train stopped at the tower for orders. After receiving them Mr. Keller signalled the engineer to go ahead and then climbed upon the train several cars from the rear end, intending, it is thought, to walk on the top of the cars to the caboose. In stepping from one car to another, he fell between them to the track, and the wheels passed over him.

George Blackburn, the flagman, who was in the caboose, noticed the jar of the car, and divining the cause, signalled the engineer to stop and he ran back to the stilled form lying in the middle of the tracks. But he could be of no assistance, for the cruel wheels had performed their work well and the spirit of the conductor had already taken its flight.

Death was instantaneous. The top of the head was slit in two from the forehead to the base of the skull and the left arm was severed completely from the body.

The body was removed to a neighboring house and the railway officials here were notified of the accident. They in turn notified the family of the deceased and some of the members went up to Hamlet this morning. The remains, it is thought, will be brought here and then taken to Hammond, Ind., for burial by the side of other deceased members of the family.

Mr. Keller leaves a wife and eight children, several of them grown. He worked for the Pennsylvania company for a quarter of a century and for twenty-two years was a freight conductor. Most of his service in that line was on the Tolleston ice train and the Chicago and Valparaiso local. Two years ago he was given a fast freight run and he then moved his family to this city, where they now reside on Thomas street. Some months ago he told a friend that he had decided to retire from railroading soon and thought he would engage in farming. But he delayed action in that direction too long.

The deceased was born June 18, 1843, and was fifty years old.

Mr. Keller was one of the most faithful men in the employ of the Pennsylvania company and he not only had the confidence and good will of the officials, but he was held in the highest regard by the men with whom he was associated.

The funeral arrangements are not complete and cannot be announced until tomorrow. It is thought that the remains will be brought here on No. 8 this evening, though there is nothing certain about this at this writing.

BRICE'S THROUGH LINE PLAN.

In commenting on the through line planned by the Brice syndicate, of which the Lake Erie and Western is to be the western part, the Boston Advertiser says: "Railroad interests have been looking askance at Brice's projected line from Pittsburg to Jersey City. They have claimed that it could never be made to pay in the face of the poor showing the other roads are making. They have paused in their condemnation of the scheme in some alarm over its probable successful issue, now that the P. & W. has been secured in its interest. There should be little difficulty in the completion of the route. The Reading can furnish entry to Philadelphia and the Jersey Central to Jersey City, the latter making connection at Tamaqua and the former at Williamsport. Such a route would be only forty miles longer than the Pennsylvania one. It would open the valleys and lakes to the eastward and should receive a brisk coal trade from Punaxtawney."

CAN SHORTEN THE RECORD NEARLY AN HOUR.

J. B. Barnes, superintendent of motive power of the Wabash, who designed the engines that made the remarkable speed record last week, believes that the record can be shortened nearly an hour by the same locomotives under more favorable circumstances. The run referred to was made by General Manager Ramsey's inspection train from Detroit to St. Louis, a distance of 480 miles, in 517 minutes. In the first part of the run the train was handicapped in various ways and it was unable to get down to business until it reached Peru. Then it traveled the remainder of the distance, 286 miles, in 278 minutes. Had it attained this speed on the Detroit end of the line, the entire run would have consumed about 468 minutes, making a record forty-nine minutes better than the one placed to its credit and the average speed, including the stops and slowups, 1.02 miles per minute or 61.2 miles per hour.

BEST OF THE SERIES.

Meeting at the Berry Street M. E. Church Last Night.

The meeting at the Berry Street M. E. church last night was the best of the series. Four signified their desire to become Christians. The divine presence was manifest from the very beginning of the service. The inclement weather kept many away from the meeting, who would perhaps otherwise have been there, yet there were a large number of unsaved ones at the church, and they seemed anxious to know the way of eternal life. The pastor, Rev. C. C. Cissell, preached the sermon, and presented the altar, and one soul was beautifully saved, and three others were seeking Christ.

This is the best spiritual awakening that the Berry street M. E. church has enjoyed for a number of years. The influence of the revival has been far reaching in its effects. The Sunday school, the Epworth league and every department of the church seems to have been infused with new life.

The meetings will be continued each afternoon and evening this week. The afternoon meeting will be held at 2:30 and the evening service at 7:30. The general public is invited to all these meetings.

THE SIMPLEST CURE FOR INDIGESTION,

As Well as the Safest and Cheapest.

The new medical discovery, Stuart's Dyspepsia Tablets, digest the food instead of making the worn out stomach do all the work, give it a much needed rest, and a cure of dyspepsia is the natural result.

You get nourishment and rest at the same time because these Tablets will thoroughly digest all the wholesome food taken into the stomach whether the stomach works or not. A cure is certain to result because the digestive organs are given a chance to rest and recover their natural vigor and tone. The Tablets are then no longer required.

To show the manner in which the remedy acts on different people and how quickly and effectually it cures stomach troubles we present a few recent cases.

Mr. J. O. Wondly, of Peoria, Ill., writes: I was unable to eat anything but the plainest food and even that often distressed me, but since using one box of Stuart's Dyspepsia Tablets I can eat anything and everything I want.

Mrs. Samuel Kepple, of Girty, Pa., writes: I have been entirely relieved of my stomach troubles by your Tablets. I suffered three years with sour stomach and gas at night. I am thankful for them.

Mrs. A. E. Bowen, Barnard, Vt., writes: I think Stuart's Dyspepsia Tablets are the best thing for dyspepsia I ever took. I will recommend them to anyone troubled as bad as I was.

Stuart's Dyspepsia Tablets will not disappoint because they cure Dyspepsia surely and lastingly by causing the food to be properly assimilated, and cure constipation by producing the proper quantity of bile. Sold by all druggists at 50 cents per package. Send for free book on stomach disease to Stuart Co., Marshall, Mich.

CORRESPONDENCE.

Queries as They Are Editorially Answered in Coyote Gulch.

As stated in last week's issue we publish in the present copy of The Mercury our first column of answers to correspondents. Queries can be submitted at any time by our subscribers, and, although we do not claim to be authority on every subject under the sun, we will endeavor to answer them. We have in our library a "Hoyle on Games," a copy of "Quo Vadis," Bill Hank's manuscript speech, which he delivered when running for the mayoralty of Red Dog, and a barrelful of agricultural reports, from which we expect to be able to cull all the information desired by those who send us queries.

Q. In your obituary of One Eyed Jenkins you state he "died in harness." What does that mean? AL FRESCO.

A. It means Jenkins was hung with a hitching strap.

Q. What is the name used by scientific perfessers for grizzlies and all such varmints that hibernate all winter?
BALDY BILL.

A. Hibernians.

Q. Could a live business man make a fortune in the west at the present time?
EASTERN SPECULATOR.

A. We don't know. We are pretty sure a dead business man couldn't.

Q. I was going to experiment and try the Kneipp cure on the prairie in the early morning, but am told it is dangerous. Do you think so? Why?
MRS. J. S.

A. We do! Rattlers!

Q. If I am out walking with a gentleman and another gentleman comes along and wants to speak to the gentleman I am with, how far would it be polite for me to walk away while they interview each other?
MOSS ROSEBUD.

A. If the gentleman that wants to speak to your gentleman has a gun in his hand, it would be the height of politeness for you to walk away a couple of miles. If you can't make it, fall flat on the ground and trust to luck.

We have in the pigeonholes of our desk several hundred of these here questions, but we haven't space to print all the answers in this issue. Some of the answers we find in Hoyle, some in the *agricultural reports*, and if we are stuck and can't find an answer to a question we open up "Quo Vadis." We are ready to answer them at any and all times for paid up subscribers. So send them in, boys!—Cincinnati Enquirer.

If We Cared To Brag And Blow

About the volume of business we have done during October and so far this month we might tell some "tall stories" and still not strech the truth. It is enough to say that we have far exceeded our expectations, and the mammoth stock we provided in advance, proves that we expected much. Trade is coming our way strong, because any one with eyes can see that we show the largest variety; any one with judgment can see that we give the best values, and any one particular about styles can see that ours are the latest and best to be had.

There's many choice patterns in Cheviots, Cassimeres, Worsteds, etc., of Men's Suits, perfectly tailored, good trimmings, made to fit **$10**

Those splendid Kersey Overcoats, the admiration of our friends, the wonder of those who bought elsewhere, made up raw edge, and lap seams, double stitched, black, blue, brown, at..... **$10**

Fine unfinished Worsteds, splendid Cassimeres, Homspuns and fancy Check Worsteds in Men's Suits—equal to ordinary $15 Suits, at..... **$12**

Magnificent double-breasted Serges, with best silk facings, fine fancy Worsteds in great variety, tailored beautifully, perfect fitters, suits to please particular people, at..... **$15**

Superb Kersey Overcoats in black, blue or brown shades—beautiful Covert Top Coats—many novelties, besides, and any of them the equal of $18.00 and $20.00 garments about town, at..... **$16.50 & $15.00**

BOYS' CLOTHING.

We hardly dare say what we know to be facts about the values we offer in Boys' Clothing, so much trash is offered in brilliant language. We prefer modest statements. Rather have you surprised "the other way" when you see the goods.

Cassimeres and Cheviots—cuts in vestee suits, 3 to 8 years, and double breasted suits, 8 to 16, well made, nicely trimmed, perfect fitters, good $3.50 values, for..... **$2.45**

Fine line of better Suits, with knee pants, all sizes and styles, equal to ordinary $5.00 Suits for..... **$2.95**

Reefers, Top Coats, Ulsters.

UNDERWEAR.

We show more Underwear, more styles in Underwear, and better values than you can find elsewhere.

Heavy Derby Ribbed Shirts and Drawers—heavy wool fleeced, sanitary wool, random mixed, etc., at..... **50c**

Our dollar line has all the good kinds in it—more styles and better styles than any other line you'll see, at..... **$1.00**

In the finer grades at $1.50 to $2.50 per garment, we show many beauties. Staley's goods, the best made. You'll find it pays to buy them.

Union Suits..... **$1.00 to $3.50**
Boys' Union Suits..... **50c**

Old Medal Plowed Up.

A Waterloo, Iowa, jeweler has an interesting relic in the form of a medal cast in 1809 in commemoration of the consummation of a treaty of peace between certain Indian tribes of the Ohio valley and the United States. On one side the medal bears a bas-relief portrait of President Madison and the words: "James Madison, president of the United States, 1809." On the obverse there are symbolical devices, one being a pipe and tomahawk crossed, the pipe overlaying the weapon, indicative that peace is supreme over war. A pair of clasped hands are shown, the wrist of one hand being naked and the other showing the embroidered cuff of a soldier's coat sleeve. This particular medal was plowed up in Nebraska, and was about eight inches underneath the surface of the ground. It is of silver.

Disliked Her Red Waist.

The other day at Brighton, N. J., a bull that was being led along the street by two men caught sight of a very red waist worn by a young woman as she sped past him on her bicycle. The bull started on the rampage, scattering pedestrians right and left. He owned the streets for a time until he was lassoed and subdued.

About Perfumes!

We have made our stock of perfumes embrace the best odors of the best makers.

For instance, the English Violet and English Flowers Extract surpasses, in our judgment, that of any other make. At the same time the rose odor made by the same firm may not be quite so good as that of another perfumer. Hence we select one brand of violet, another of white rose, etc., thus giving our patrons a selection of the best to be had without having to pay any fancy prices.

CLAIMS THE HOUSE.

Chairman Kerr Says Democrats Have a Majority.

Declares There Is an Opposition Majority of 23.

Republicans Will Have Majority in the Senate.

The Claims of Republicans Are Strong That They Will Control the Next Congress.

WASHINGTON, Nov. 9.—At 2 o'clock Chairman Kerr, of the democratic congressional committee, claimed the certain election of 190 democrats and fusionists, an opposition majority of 23 and a democratic majority over all of 5.

CONCEDED IT DOUBTFUL.

WASHINGTON, Nov. 9.—At 3 o'clock this afternoon Chairman Babcock admitted that the lower house of representatives was in doubt. He claims 174 districts sure, with fifteen districts in doubt. One hundred and seventy-nine is a majority.

LATE INDICATIONS.

WASHINGTON, Nov. 9.—Returns as far as received by the Associated Press indicate the election of 167 republicans and 164 democrats, populists or silver republicans, with twenty-six districts in the doubtful column.

WASHINGTON, Nov. 9.—Late returns show that the republicans have gained the two doubtful districts in Washington, two in Indiana and one in Kansas. The democrats have gained one doubtful district in Indiana and one in Massachusetts. Should the republicans gain seven more doubtful districts it will give them a straight out majority.

MANY DISTRICTS IN DOUBT.

CHICAGO, Nov. 9.—The Associated Press has received definite information as to the result in 314 of the 357 congressional districts. The republicans have elected 167, the democrats 131, and the fusionists and populists 6. The leave 43 districts to which the figures available at 1:30 p. m. today were not sufficient to justify more than the use of the word "probable."

At that hour the doubtful districts were thus located:

California	6
Idaho	1
Indiana	6
Kansas	3
Kentucky	1
Minnesota	2
Missouri	5
Nebraska	1
North Dakota	1
Ohio	2
Pennsylvania	3
South Dakota	2
Texas	4
Washington	1
West Virginia	2
Wisconsin	1
Wyoming	1

CHICAGO, Nov. 9.—Up to 2 o'clock this afternoon dispatches to the Associated Press show that the republicans have elected 194 members of congress, the democrats 160 and the fusionists and populists 5. This leaves 37 districts still to be heard from. The additions since the previous bulletin are from North Dakota 1, South Dakota 2, Washington and Illinois 1.

THE SENATE.

WASHINGTON, Nov. 9.—The election returns establish with certainty that the United States senate will have a republican majority after March 4, 1899. The present party division of the senate is:

Republicans	45
Democrats	34
Populists	8
Silver republicans	2

This was changed prior to yesterday's vote by a republican gain of two, viz., McComas of Maryland, who will succeed Gorman, and Simon, of Oregon, who is elected to fill a vacancy. Of the present republican total of forty-five the terms of seven expire March 4th next, leaving thirty-eight hold-over republicans. To this number the elections of yesterday add ten republicans whose terms are newly elected and three probably elected, making a total of forty-eight, or two more than a majority over democrats, populists and silver republicans.

There are twenty-one democratic hold-over senators, and to this number yesterday's elections add four with certainty and one probably, giving a total of twenty-five votes. The populist and silver republican hold-overs number eight, and the two named yesterday by one, practically sure.

Five state legislatures appear to be unsafe in doubt, viz.: Nebraska, West Virginia, Montana, Indiana and Washington, and are not included in figuring totals.

The states to elect senators in which republican legislatures appear to be assured are Minnesota, Michigan, Delaware, Connecticut, Massachusetts, Tennessee, New Jersey and California.

Five of these are now represented by democrats, who will give way to republicans, namely: Gray, of Delaware; Mitchell, of Wisconsin; Murphy, of New York; Smith, of New Jersey, and White, of California, etc.

The other five states are now represented by republicans, viz.: Burrows, of Michigan; Davis, of Minnesota; Hawley, of Connecticut; Lodge, of Massachusetts, and Quay, of Pennsylvania.

Besides the foregoing the reports indicate a probability of republican legislatures in Wyoming and North Dakota. This would bring about the retirement of democratic senator Roach, of North Dakota, and the re election of Clarke, of Wyoming, or some other republican.

The states electing democratic legislatures, according to present reports, are Delaware, Missouri, Texas and Florida. These are already represented by democrats, so that no political change is effected. The present democratic incumbents are Bate, of Tennessee; Cockrell, of Missouri; Mills, of Texas, and Pasco, of Florida. The reports state that Utah, also, is likely to have a democratic legislature. Mr. Cannon, of Utah, who will retire, is a silver republican. Nevada reports indicate a legislature which will re-elect Stewart, silver republican.

The legislatures which continue to be in doubt are Nebraska, West Virginia, Montana and Washington. The republican chairman claims Nebraska and the retirement of Allen, populist, for a republican. Indiana also seems to be safely republican in the legislature. In West Virginia, now represented by Faulkner, democrat, both state chairmen claim the legislature. From Montana, now represented by Mantle, silver republican, there are no reports on the legislature upon which definite conclusions can be drawn. In Washington the reports give the legislature as "pretty close." The state is now represented by Wilson, republican.

THE HOUSE.

WASHINGTON, Nov. 9.—Interest in the election today centered in the political complexion of the next house, the senate being concededly republican. Although Chairman Babcock, of the republican congressional committee, did not leave the headquarters until after 4 o'clock this morning, he was back again at the house early after 9 o'clock, dispatching telegrams to all the doubtful districts, urging the chairmen to hurry in the returns.

Mr. Babcock in his figures is taking nothing for granted. This morning his estimate was formed on a very conservative estimate, in which he eliminated a number of doubtful districts.

This estimate gives the republicans 185 members in the next house, a majority of 21 over all. The state he is most anxious to hear from are Illinois, Indiana and Pennsylvania. Last night he figured the defeat of Boutelle in Illinois. This morning he says he finds that the Chicago congressman has pulled through, but this gain is offset by the unexpected defeat of Williams, in the Twelfth Pennsylvania. The state chairman in California telegraphed that six republicans were elected in that state, with the republican majority after the democrats, democrats, which would give the republicans a solid delegation. Not counting on the defeat of Devries, this is a gain of one, as Mr. Babcock only figured on five republicans from California last night.

J. L. Deaver wired that Kansas would send six republicans and that Long had defeated Simpson, but the defeat of Simpson Mr. Babcock declines to credit until he receives further advices. Chairman Cannon, of the Texas state committee, claims three representatives in the Lone Star state, but Mr. Babcock only figures on the election of one, Hawley, in the Tenth.

From Indiana no satisfactory advices on the doubtful congressional district have yet arrived but Mr. Babcock in his calculations admits the loss of two districts, those of Faris and Landis, either of which might have been carried by the republicans. He figures a certain loss of three districts in Illinois, leaving two doubtful. Brumm, Lewis, C. W. Stone and Wood in Pennsylvania he puts in the doubtful column.

In his estimate of 185 he does not include the doubtful districts. The returns in the east, middle west and northwest show that the republican losses were in the cities while the gains were in the rural districts. This encourages him to hope that when the returns come in later from the country some of the districts which now appear to be lost may be saved to the republicans.

This is the case in Page Morris' district in Minnesota. Mr. Babcock now figures upon Morris' defeat, but he thinks there is a chance of his election. There is also a chance of another republican from California, one from Nebraska, one from Illinois, one from Wisconsin, one from Michigan, one from North Carolina, one from Virginia, one from Kentucky.

Chairman Kerr, of the democratic congressional committee, had not appeared at his desk at 10 o'clock and no advices had been had since he gave out his statement at 3:30 this morning. This statement claimed an opposition majority of 37.

Mr. and Mrs. W. H. Cooke were pleasantly surprised last evening by the O. N. O. club, the occasion being the twentieth anniversary of their marriage. The evening was spent at cards and other games.

ROUGH RIDER WINS.

Roosevelt Elected Governor of New York.

Defeats Van Wyck by About 20,000 Plurality.

Legislature of Empire State Will be Republican.

Returns From Other States Show That Republicans Have Won Numerous Victories at the Polls.

NEW YORK, Nov. 9.—Howlsed returns as they came in early today made practically no change in those of last night, which showed the election of Colonel Theodore Roosevelt, republican, for governor, by a plurality of from 18,000 to 20,000 over Augustus Van Wyck, democrat. As compared with the election of 1896 when Black defeated Potter, this shows a republican loss of from 150,000 to 195,000.

Roosevelt came to the Harlem river with 100,000 plurality, and Van Wyck had but 85,000 in Greater New York, with which to meet him. An analysis of the vote outside of the city shows that Roosevelt lost 91,800 as compared with Black, while in the city his vote was 61,000 smaller than Black's.

In the country districts Van Wyck ran about 20,000 and in the city about 54,000 ahead of Potter. The state's congressional delegation will probably stand 16 republicans to 19 democrats, a democratic gain of 11. In old New York city (Manhattan borough) no republicans have been returned, and a notable feature of the election was the defeat by Captain William Astor Chanler of Lemuel E. Quigg for congress in the Fourteenth district, where the former overcame a republican plurality of 11,790 two years ago, and won by about 3,000. The state legislature will be republican on joint ballot by 22 votes, insuring the election of a republican to succeed Senator Edward Murphy, jr., on the expiration of his term on March 3, 1899.

The state senate will stand 37 republicans to 23 democrats, a democratic gain of 9. The republicans will have 83 members of the assembly and the democrats 51. This is a republican gain of 11.

The vote up the state furnished several surprises. Rochester, the home of George W. Aldridge, commissioner of public works, gave Roosevelt only 420 plurality against 1,196 for Black in 1896. Rensselaer county, the home of Governor Black, gave Van Wyck a plurality of about 700. Black carried it by 2,860. Roosevelt ran ahead of Black's figures in Allegheny by 300 and in Broome by 2,500.

PENNSYLVANIA.

PHILADELPHIA, Nov. 9.—It was nearly 6 o'clock this morning before the returns from the last Philadelphia ward were received and the net result was almost as great a surprise to the republicans as to the democrats and prohibitionists. When the ballots had been counted it was found that Stone, republican, had carried the city by a plurality of 33,900, which, with his plurality in the state outside of Philadelphia county, will probably run the republican plurality for the head of the ticket up to 150,000 or 160,000 Jenks, democrat.

Late returns from the Twelfth congressional district show that Stanley Davenport, democrat, has probably been elected by a small plurality over Morgan B. Williams, republican, the present member. The other congressional candidates remain unchanged from last night's reports.

PHILADELPHIA, Pa., Nov. 9.—The next Pennsylvania legislature, which meets in January and elects a successor to United States Senator Quay, will consist of 254 members on joint ballot, 128 votes being necessary to elect a senator. The friends of Senator Quay claim today that they have 134 votes on joint ballot for Mr. Quay, three more than is necessary to elect. This estimate, they say, is independent of the members favorable to Senator Magee, in Allegheny county, and the followers of David Martin, in Philadelphia.

The anti-Quay people in this city dispute these figures and claim that they have elected sufficient members of the assembly to defeat the re-election of Senator Quay.

Senator Quay in a telegram from his home this morning conceded the election of two democrats to the legislature from his home county of Lawrence by 400 majority. This is a democratic gain.

DELAWARE.

WILMINGTON, Del., Nov. 9.—Detailed returns from Kent and Sussex counties were not received until this morning. They are sufficient to show that the next legislature of this state is almost surely republican in each branch and certainly republican on joint ballot. The republicans will thus elect a successor to United States senator Gray, democrat.

CALIFORNIA.

SAN FRANCISCO, Nov. 9.—California has elected a republican governor and probably the entire state ticket by republicans estimated at from 5,000 to 20,000. Complete returns will not be in for twenty-four hours at best, but the election of Henry T. Gage, republican, over James G. Maguire, democrat, is conceded. The republicans have swept everything before them and John D. Spreckels, of the California banking house of the republican national committee, claims the election of six out of seven congressmen. There is even some doubt regarding the election of Devries, democrat, in the Second, who two years ago defeated Congressman Grove L. Johnson by 3,000, but Devries will probably win by a small margin.

The republicans will have a large majority in the legislature, which will this winter elect a United States senator to succeed Stephen M. White, democrat.

OHIO.

COLUMBUS, Nov. 9.—Additional returns today do not materially change the result announced last night of over 60,000 republican plurality on the state ticket and fifteen republican to six democratic congressmen. The republicans are celebrating the election of so many congressmen in what is known as the "off year" as they elected at the last presidential election, while they more than doubled the plurality of 28,000 for Bushnell for governor last year. In the odd years a governor and full state ticket, with members of the legislature, are elected every two years, while in the alternate years only two state officers with congressmen are elected, as was the case yesterday, but the alternate or even years come once in four years with the presidential campaign, so that the "off year" comes only once in four years and always two years after the presidential election. The republicans have historically lost in Ohio in these "off years," except when Cleveland was president, when the democrats had the same experience because of disappointments, disaffection, etc.

While the result may not be regarded as specially significant, it is very surprising to the politicians on both sides in this state, and other democratic managers say that President McKinley is the first republican president to get the endorsement of this state in the "off years" of his administration.

Chairman Dunham, of the republican state committee, attributes the result to the sentiment for such endorsement.

Chairman Blanker, of the democratic state committee, says the result was due to the administration successfully conducting the war.

NEVADA.

CARSON, Nev., Nov. 9.—The election in this state, according to the latest returns, has resulted in the election of McMillan, republican, for governor over Sadler, democrat, by a small majority. Frank G. Newlands, silver, is elected by congress. The legislature, which will be republican, is believed to be favorable to the election of Senator Stewart.

ILLINOIS.

CHICAGO, Nov. 9.—Returns from every county in the state indicate the election of Whitmore, republican, for state treasurer by a plurality of nearly 30,000. Few of the returns are complete. The majority for other republican candidates will probably exceed that for Whitmore. The republican majority in Cook county, including Chicago. Enough legislative returns have been received to show that the lower house will be democratic by about six votes and the senate, republican, by about eleven votes.

In Cook county, aside from congressmen, the entire republican ticket, with possibly one or two exceptions, was elected by pluralities ranging from 5,000 to 6,000. The county was carried for McKinley by nearly 70,000. Chicagoo county Frank S. Regan, prohibitionist, was elected to the legislature, the first time in the history of the state that a prohibition legislative candidate has won.

IDAHO.

BOISE, Idaho, Nov. 9.—For the first time in the history of this state women have voted for a congressman and state officers. They took the liviest interest in the proceedings. In view of the isolation of many places complete returns are not yet available. It is, therefore, somewhat difficult to say what effect the vote of the women has had on the general result. It is known, however, that the women have not voted along partisan lines.

KANSAS.

TOPEKA, Kas., Nov. 9.—The election in Kansas is in doubt with both sides claiming the state by a small majority. It will probably require the complete returns to decide the result.

Secretary Frank L. Brown of the republican state committee makes the following statement:

"Mr. Stanley is undoubtedly elected governor, as is the entire state ticket."

The precincts heard from are largely in the cities and towns. Of the country precincts reported the gains are remarkable. If the country precincts continue to show increases the ticket will be elected by about the majority predicted by the committee last Saturday."

Chairman Taylor Riddle, of the democratic committee, says:

"Incomplete returns from all parts of the state would indicate that Leedy and the entire fusion ticket are elected by 8,000 plurality. Five populist congressmen are elected. Two districts are in doubt. Curtis' election is conceded by a republican majority.

NEBRASKA.

LINCOLN, Neb., Nov. 9.—Related precinct returns today continue to indicate that Nebraska has turned a political somersault and landed in the republican column. Three hundred and seventeen precincts outside of Lincoln and Omaha give Hayward, republican, for governor, 29,494; Poynter, fusion, 26,362; a net republican gain of 1,787. If this gain is maintained, Hayward will carry the state over 40,000. Figures on legislative candidates are not such as to make comparisons possible but show that they shared equally with governor. In a few counties which went fusion on the state ticket the republican legislative candidates are elected, which makes the claim that the legislature on joint ballot is republican, a conservative one. The First and Second congressional districts are republican, the Third and Sixth fusion, and the Fourth and Fifth in doubt.

MINNESOTA.

MINNEAPOLIS, Nov. 9.—Unofficial and incomplete, but apparently reliable returns, indicate John Lind, fusion candidate, has been elected governor of Minnesota by a plurality of 19,000.

Five out of seven congressmen are surely republican. Sixth and Seventh districts are close and claimed by both sides.

James Gray, fusionist, elected mayor of Minneapolis by perhaps 5,000, the largest plurality ever given in this city to a candidate not a republican.

WYOMING.

CHEYENNE, Nov. 9.—Wyoming has gone republican on the state and congressional tickets in majorities ranging from 1,000 to 1,800 votes. The legislature is also undoubtedly republican and will elect a republican senator to succeed H. G. Clark. Returns from precincts out of 287 districts in the state are now in. These gave 200 majority for Mondell for congress in 1896 and now give him 529 majority, a net gain of 329. In these precincts Richards, republican, for governor, has 391 majority, a net gain of 124 votes.

MISSOURI.

ST. LOUIS, Mo., Nov. 9.—Returns from all over Missouri are coming in very slowly today and though far from complete, everything received points to the election of the entire democratic state ticket by at least 30,000 majority and the selection of a majority of members of the legislature, ensuring the re-election of United States Senator Cockrell. Three republican congressmen in St. Louis have been re-elected and it is possible that all the twelve congressional districts outside the city will be represented by democrats, though final returns may change this somewhat.

In St. Louis the republicans elected their city ticket by majorities ranging from 4,000 to 7,000.

WISCONSIN.

MILWAUKEE, Nov. 9.—Election returns, though far from being complete, indicate that Governor Scofield, republican, is re-elected by a majority of 20,000 plurality. Republican Chairman Trast still sticks to his claim of 40,000. The Sentinel says at least 30,000, while National Democratic Committeeman Wells says at least 15,000 to 16,000 plurality, though he would not concede this, having heard from but 10 per cent. of the precincts in the state. Milwaukee county complete, with the exception of the village of Oakley, gives Scofield 762 plurality. This county also elected a republican ticket with the exception of sheriff, which went to the democrats.

Republicans elect congressmen in every district except the Second, which is still in doubt. The legislature is overwhelmingly republican, the senate consisting of thirty-one republicans and two democrats and the assembly seventy-seven republicans and twenty-three democrats, a republican majority on joint ballot of eighty-three.

KENTUCKY.

LOUISVILLE, Nov. 9.—The democrats of Kentucky won a sweeping victory yesterday by electing nine and possibly ten congressmen out of eleven, and prevented the republicans from gaining control of the court of appeals.

Democratic congressmen were elected in the First, Second, Third, Fourth, Fifth, Sixth, Seventh, Eighth and Tenth districts, and while the race is close in the Ninth, it looks like Williams, the democrat, has won. This is a democratic gain of two congressmen, with a possible gain of three. The present delegation stands seven democrats to four republicans.

The biggest victory, however, was in the Third appellate court district, which was carried by McKinley in 1896 by 2,200 majority. Hobson, the democratic nominee for judge, not only overcame this majority, but has won, with about 2,600 votes to spare.

[CONTINUED ON SECOND PAGE.]

WON BY DEMOCRATS

Candidates' Majorities Vary Several Hundred Votes.

Congressman Robinson Receives a Big Vote.

And Wins a Handsome Victory in the District.

Sheriff Meiching and Billy Meyer Will Have the Biggest Majorities—Hanna Leads Republicans.

The election is over in Allen county and as predicted in THE SENTINEL the entire democratic ticket wins by majorities ranging from 1,200 to more than 2,000. There was plenty of scratching in every precinct, most of it being confined to the county ticket. Republicans were just as free in refusing to vote for candidates on their ticket as were the democrats and the result is that the majorities on the several candidates will vary hundreds of votes. Robert B. Hanna was the strongest man on the republican ticket and when the first returns came in there were indications that he might win or at least carry the city by a fair majority. But the later precincts from the outlying wards showed more favorable for Mr. Keil and when the complete returns for the forty-six precincts in the four wards of the city were summed up Mr. Keil had thirteen more votes than Mr. Hanna.

This, of course, insured the election of Mr. Keil, as there was no question of a big majority for the county ticket in the country precincts.

Sheriff Meiching and William Meyer had a neck and neck race for the highest vote, the sheriff leading by less than fifty votes in the city and Wayne township. The friends of Brit Croll were out in force and he made a creditable race, cutting into Dr. Burnett's vote considerably. While Mr. Gallmeier secured a few more votes than Mr. Chandelore he did not make anywhere near the race the republicans anticipated. Mr. Heaton made a creditable race against Judge Dawson, who, in spite of vicious and villainous attacks on his character which he did not deserve, carry the county. He was elected by a comfortable majority.

MR. ROBINSON'S STRENGTH.

A pleasing feature of the election was the vote cast for James M. Robinson, candidate for congress. He was attacked viciously in the columns of republican papers all over the district and appeals were made to the prejudices of the voters and harrowing tales were presented as to what he would do in congress. It was told how thousands of gold democrats would vote against him and the workingmen would register their verdict in favor of his staying at home. But these predictions did not materialize. Instead Mr. Robinson received the largest vote of any candidate on the democratic ticket and his plurality in the city and Wayne township is 400 greater than that of the state ticket. In less than half a dozen precincts did Mr. Robinson run behind the state ticket while in the workingmen's precincts he ran ahead.

Advices from Noble county are that Stemen carried the county by about 200, Willoby gives Robinson between 200 and 300, DeHaven for Robinson between 400 and 500, LaGrange gives Stemen about 600 and no advices have been received from Steuben. This means Congressman Robinson's re-election by between 4,000 and 4,500 majority.

With all precincts in but twenty-one Congressman Robinson has a majority of 1,897, and will probably go out of the county with more than 2,000 majority.

THOUSANDS FAILED TO VOTE.

The big surprise to the managers of both sides was the small vote. When the polls closed it was known that hundreds of voters had failed to visit the polls, but not until this morning, when returns came slowly in from the country, did they realize how small the vote really was. THE SENTINEL figures this afternoon at 3 o'clock show that in seventy-one of the ninety-two precincts of Allen county only 11,835 votes had been cast.

The twenty-one precincts to be heard from are in the country precincts, and should the same proportion have voted as voted in the country precincts reported, the total vote will reach only 14,680 votes, against 16,623 cast in the election of 1896, a decrease in the total vote of almost 4,000. The stay-at-home vote was not all democratic, but when the polls closed last night and the returns came in democratic managers were frightened. It was feared that the republicans had gotten out a full vote, and the stay-at-homes were democrats.

But the returns indicated either that a big percentage of republicans did not vote or else they voted the democratic ticket. It is estimated that of the 4,000 stay-at-homes, three out of four were democrats. This means that the democratic managers were right in their prophesies of an overwhelming majority with a full vote, one not unlike that when 3,600 was a very small majority. The biggest surprise, however, was the extremely small vote in the country. In many precincts the democratic vote was not as large as the majority had frequently been.

In the city the total vote was 8,905, fully 2,000 less than the poll books showed. Of this vote Ralstone, democratic candidate, received 5,000, and Hunt, republican, received 3,899, showing a plurality of 1,107 in the city and Wayne township for the years ago McKinley carried the township by less than 100.

Congressman Robinson received 5,141 votes in the city and Wayne township and Dr. Stemen's vote was 2,705, showing a plurality for Mr. Robinson of 1,436.

HANNA LED HIS TICKET.

Robert B. Hanna received the largest vote of any republican candidate in Wayne township and the city and George Keil received the lowest vote of any democratic candidate. The total was: Keil, 4,278; Hanna, 4,326; Keil's majority, 70. Mr. Hunt, however, carried the four precincts outside the city by 76 majority, showing that Mr. Hanna carried the city wards by a majority of 6. In nineteen of the forty-two country precincts Mr. Keil received more votes than Mr. Hanna 1,120, a majority for Mr. Keil of 224. Add to this his majority of 76 in Wayne township and the city and Mr. Keil, with twenty-three precincts to hear from, has 370 more votes than Mr. Hanna, indicating that his majority in the county will not be much in excess of 600.

With twenty-eight precincts to hear from, Judge Dawson has 5,516 and Mr. Heaton, his republican opponent, 4,647, showing a majority for Mr. Dawson of 466 and indicating his election by more than 1,100.

With twenty-eight precincts to hear from, Frank Bolst, for clerk, has 5,814 votes; Hiffandorfer, 4,372 votes, a majority for Mr. Bolst of 1,442, indicating that he will win by 2,000 or more.

With twenty-eight precincts to hear from, Captain Rohan, for treasurer, has 5,659 votes and Colonel Oakley has 4,622, a majority for Mr. Rohan of 1,036, indicating that he will be elected by nearly 1,500 majority.

With twenty-eight precincts to hear from, William Meyer has 6,282 votes and A. C. Keil 4,616 votes, a majority of 1,737 for Mr. Meyer, indicating his election by almost 2,000.

With twenty-eight precincts to hear from Mr Gillette, for recorder, has 5,887 votes and Cy Fike has 4,484, a majority of 1,112 for Mr. Gillette, insuring his election by 1,500 majority.

With twenty-eight precincts remaining to be heard from, Sheriff Meiching has received 6,402 votes, and Captain Bradley received 5,267 votes, a majority of 1,139 for Mr. Meiching, indicating that his majority will exceed 2,000.

With twenty-eight precincts to hear from, Dr. Burnett, for coroner, has 5,511 votes and Dr. Croll has 4,576, a majority of 935 for Dr. Burnett and indicating the election by 1,200.

With twenty-eight precincts to hear from John A. Buschman, for surveyor, received 5,810 votes and L. S. Sharp received 4,400, a majority for Buschman, indicating his election by 1,700 or 1,800.

With twenty-six precincts to hear from, Robert B. Shirley, democrat, has 5,606 votes; with twenty-six precincts to hear from, George W. Lenfitt has 5,651 votes; with twenty-seven precincts to hear from George Lawrence has 5,715 votes; with twenty-five precincts to hear from Mr. Cavendish has 4,954 votes; with twenty-seven precincts to hear from Mr. Jones has 4,926 votes. This insures the election of Messrs. Shirley, Lenfitt and Lawrence by safe majorities.

CANVASSERS MEET.

HOOSIER STATE LOST

Republicans Carry Indiana by 10,000 Majority.

Figures May be Increased by Later Returns.

Democrats Concede the Loss of the State.

Probable That Lands and Faris, Republicans, Have Been Defeated for Congress—The Latest.

INDIANAPOLIS, Ind., Nov. 9.—At 1 o'clock, with one-fifth of the precincts in the state heard from, the indications are now that the republican plurality will be near 15,000. It may vary 2,000 either way from that estimate. The democratic state committee early this morning conceded that the republicans had won in the state. Large democratic gains are shown by some counties, while other counties show large republican gains.

The vote on congressmen has come in slowly, but such returns as have been received indicate that the republicans have won in all the districts except the Second, Third, Fourth and Twelfth. Some doubt as to the result in the Fifth and Eighth districts are still expressed by the democrats, who have an impression that the later returns will show that they have won in those districts.

From the returns at hand it would appear that the republicans will have a majority in both branches of the legislature and a majority on joint ballot of about 16.

THE EARLY REPORTS.

INDIANAPOLIS, Ind., Nov. 9.—At 2 o'clock the returns indicate the certain election of Overstreet, republican (Indianapolis district), to congress.

The democrats concede the republicans a majority in the state of about 10,000.

The democratic claim more than this. Tats (Marion) county, where a bitter fight has been waged, looks republican with the possible exception of auditor.

WHITE RULE.

People of Wilmington Hold a Mass Meeting.

Expression of Whites Over Negroes Declared and WINS Be Enforced North Carolina.

WASHINGTON, Nov. 9.—A special to the Star from Wilmington, N. C., gives the details of a mass meeting of 6,000 citizens of that city at the court house there today "to assert the supremacy of the white man."

Ex-Representative Waddell presided and read a series of resolutions reciting the determination of the white citizens to "govern the city and to commence the work immediately, declaring that hereafter white labor should be given preference over colored and calling for the banishment of Alex. Manly, the negro newspaper publisher who printed an objectionable editorial recently. An amendment was offered, calling on the mayor and chief of police and board of aldermen to vacate their offices now instead of waiting until their terms expire in March. Three resolutions were referred to a committee, and while awaiting its report several speeches were made, one of the speakers, Representative-elect Mebane, urging the expulsion of Manly in twelve hours, but counseling moderation in other respects. The committee soon reported its conclusions favoring the expulsion of Manly as proposed, but with a further request of white labor as far as possible, and a resolution reciting that the mayor and chief of police having demonstrated their incapacity and their continuance in office being a menace to the peace, that they must resign. The report was unanimously adopted and a committee of twenty-five was appointed to carry into effect the resolutions adopted.

It is understood that Manly has already left the city. The mayor and chief of police say they will not resign as the resolutions call for, but will serve out their terms.

ALLEN COUNTY is the same old "green spot," but there are others.

ALLEN COUNTY resumes business as the Gibraltar of the Indiana democracy.

THE result in New York will be taken by some to mean that Croker is regarded as a worse boss than Tom Platt.

IT will take something better than earthly fire to regenerate Pennsylvania. Quay swung the state, did it easily and by a majority large enough to serve notice on the world at large that he is the owner in fee simple of the Keystone commonwealth.

SHERIFF MELCHING and William Meyer, jr., ran like wild horses. There is a team that nobody can outfoot when it comes to vote getting.

THE saloon vote aided in giving George Keil a lick chase, but he saved himself in the city by the narrowest of margins and the county backed him up most loyally.

THE people are satisfied not only with the fact that Allen county is to have the finest county building in the state and one of the finest in the country, but are satisfied that it is being honestly, economically and properly built. The unfounded charges of jobbery and corruption are rebuked, as they should be, by the re-election of Commissioners Baker and Orff.

JUST put your eye on the vote polled in the city of Fort Wayne for Hon. James M. Robinson. Mr. Robinson is re-elected to congress by a great increase in the majority he received two years ago and the bulwark of his strength was right here in Fort Wayne, where the majority of the voters are workingmen, who were solemnly warned that a vote for him was a vote to reduce their wages, to turn back the tide of prosperity and turn loose the flood gates of dissolute unmanned and unreasonable Congressman Robinson has been paid a magnificent tribute by the democracy of the Twelfth district, who rallied to his support with an enthusiasm that could know no defeat.

IT is extremely gratifying to record that Hon. C. M. Dawson has been re-elected to the superior bench, despite the almost superhuman effort made to defeat him. The fight waged against Judge Dawson was peculiarly bitter and in some respects it approached relentlessness. Notwithstanding this, he has been re-elected by a handsome majority and the judge, his hosts of friends, the democracy of the county and the public generally is to be congratulated upon his return and the splendid vindication carried with his success. Judge Dawson will further vindicate himself in his administration of the affairs of his bench by continuing to measure out justice in the same able, honorable and impartial manner that has so eminently marked his career in the position he has signally graced for nearly eight years.

IN THE STATES.

Elections were held yesterday in forty-three states. Returns up to a late hour this afternoon confirm the earlier reports that throughout the north the republicans have been almost uniformly successful. There was a great falling off of the vote, but the anomaly is presented of some greatly augmenting the per centage of gain shown in 1896 and others falling far below.

Indiana seems unquestionably to have been carried by the republicans for the state ticket. The majority indicated by late returns is about 10,000. Two and possibly three democratic congressmen are gained.

Outside of Indiana interest here has centered in the remarkable campaign in New York, where Theodore Roosevelt was elected over Augustus Van Wyck by about 150,000. Pennsylvania rolls up an astounding republican majority for the Quay faction of the republican party.

The probability is that the republicans will control both branches of the next congress. There is no doubt of this as respects the senate. Control of the house is involved in some doubt, with prospects perhaps slightly favoring the republicans.

VICTORY IN THE COUNTY.

The democracy of rock-ribbed old Allen won a magnificent victory at the polls in yesterday's election.

The entire democratic ticket from top to the bottom was elected by majorities covering a wide range, some of them overwhelming, some very large and all substantial. The ticket was a good one and commanded the attention and the confidence of the voters, notwithstanding the attack made upon it. The republican ticket was distinctly weak and could not even command the party strength. These two facts, in connection with the fact that Allen county's affairs have been well administered by democratic officials, explains the great victory.

The officers elected yesterday will serve the people well. They are honest, competent men, possessing unquestioned fitness for the duties that will fall upon them and strong in individual character.

The ticket was one of the best that has ever been presented to the voters of the county and the people were not to be stampeded by false issues or distracting cries.

The result redeems Allen county's ancient position as the stronghold of the Indiana democracy and the democrats are justified in the keen jubilation they feel.

A CONFERENCE.

Meeting of the Charities and Correction This Month.

Among the Speakers Will be Hon. T. E. Ellison, Supt. A. E. Johnson and O. E. Mohler.

The state conference of Charities and Correction will be held at Indianapolis on November 16th, 16th and 17th, and will be attended by a number of people from this city. The conference will consist of representatives from charitable, benevolent and penal institutions all over the state, and any member of such organizations or institutions are made welcome at the meeting.

The program will include addresses on prison reform, benevolent institutions, such as feebleminded, blind, insane, etc., and on charity. Those from this city who are to take part in the program are: Hon. T. E. Ellison, Supt. A. E. Johnson and O. E. Mohler. The latter, as secretary of the Associated Charities, will present a report of the local work in this direction the past year. Mr. Ellison will give a prison talk, and Mr. Johnson will have several addresses.

INSPECTING SCHOOLS.

Dr. Dreyer Begins a Careful Examination of School Premises and Buildings.

Dr. L. P. Dreyer, city bacteriologist, is inspecting certain schools to discover infection, if any exists. Yesterday he inspected the St. Mary's school, finding everything in good shape. It is possible that some of the schools have been infected in the city, but the health officers do not believe it will be necessary to close any of them. A diphtheria scourge has been encountered nearly every year for a long time, but it usually comes about a month after school opens in the fall. This year no contagion has appeared for two months after the opening of school, beyond a few scattering cases, and the board of health and its officers feel hopeful that the city might escape altogether this year.

QUAIL SEASON.

It Opens Tomorrow and Many Hunters Will Start Out for Sport.

The season for shooting quail without penalty opens tomorrow. Not a few hunters have failed to await the arrival of the season and have violated the laws of the state and the code by which true sportsmen shoot, but there are scores of sportsmen who attach some honor to the killing of game and those men will venture forth tomorrow with a free conscience. They will find an abundance of game, for this is thought to be the best quail season for years. This is due to the fine fall, which has been free of early frosts, thereby preserving the nourishment in the food that the birds subsist on.

IT INVOLVES MUCH.

Fort Wayne Electric Works May Change Hands.

Rumor Not Denied by Manager R. T. McDonald.

General Electric Said to be After the Plant.

The Possible Effect of Such a Deal Upon the Manufacturing and Laboring Interests a Subject of Much Talk.

The report that R. T. McDonald has under consideration an offer from the General Electric company for the purchase of his valuable electric light factory and franchises in this city was the absorbing theme for conversation in business and financial circles today. Nearly everybody seemed to take it for granted that the story was true and the only matter for doubt in the minds of the people was the fact in regard to such a deal would have upon the business and labor interests of Fort Wayne.

With a view to learning something definite concerning the alleged deal, a SENTINEL representative called upon Mr. McDonald at his office on Broadway. That gentleman would neither deny nor confirm the report, saying he preferred to have nothing said in the papers about the matter. His actions and remarks, however, created the impression in the mind of the reporter that there was some foundation for the story and he pressed Mr. McDonald for some information, but without avail.

When asked if such a deal were to be effected, would the works remain here and be operated as they now are? Mr. McDonald said that was a matter which would be decided by the new management, if there should be one. Further than this, he would not talk upon the subject.

The electric works under Mr. McDonald's management have been a great benefit to this city, giving employment to several hundred of our mechanics and laborers. A change in the ownership would be unwelcome to Fort Wayne business men and citizens generally and it is hoped that Mr. McDonald, if he really has an offer for the property, will reject it.

TWO SALOONS OPEN.

Affidavits Filed Against P. Curtis and Frank Heichin.

They Disobeyed the Mayor's Orders and Had Their Saloons Open—William Hilker Case Dismissed.

This morning affidavits were filed against Peter Curtis and Frank Heichin, charging them with keeping their saloons open on election day. The cases will come up for hearing in the mayor's court unless the defendants settle without trial.

WILLIAM HILKER ON TRIAL.

This morning William Hilker was before the mayor, charged with selling liquor to Gustave Roemer, a minor. The evidence showed that Ma. Roemer, a bartender for Hilker, sold drinks to the youth, who is his brother, and this fact vindicated the defendant from any intention to disobey the law. The mayor dismissed the case, at the suggestion of the deputy prosecutor, A. E. Thomas. The attorney for Mr. Hilker was Judge Hench.

President Receives Washington.

WASHINGTON, Nov. 9.—The presidential party reached Washington on their return from Canton at 7:15 o'clock this morning. At several points on the road up to the hour for retiring the president received Associated Press election bulletins and repeatedly expressed his gratification at the results in several of the states where the contest had been the hottest.

ROUGH RIDER WINS.

[CONTINUED FROM FIRST PAGE.]

IOWA.

DES MOINES, Iowa, Nov. 9.—It is estimated today that the republican plurality on the state ticket will be about 43,000. Chairman Babcock, of the republican state central committee, is confident that the count will show 60,000. Returns do not show a single democratic congressman elected, but chairman Townsend refuses to recede from the following signed statement made very early this morning:

"We confidently claim the election of General Weaver in the Sixth district and believe that full returns will show the election of other democratic congressmen from Iowa."

MICHIGAN.

DETROIT, Mich., Nov. 9.—The results of the state election are unchanged by any late returns or estimates. Governor Pingree's plurality is placed at about 55,000. It probably holds its own with the governor's plurality of two years ago proportionately to the size of the vote cast. All the congressmen elected are republicans. The legislature, which is to elect United States senator for full term, stands politically as follows:

Senate, 29 republicans, 3 democrats; house, 93 republicans, 7 democrats. The present legislature has 6 democrats in the senate and 19 in the house.

The contest for senator will be between Senator Burrows and Albert Pack, of Detroit. Mr. Pack is the Pingree candidate.

COLORADO.

DENVER, Colo., Nov. 9.—The entire fusion state ticket, headed by Charles S. Thomas, democrat, for governor, is elected by a majority approximating about 80,000. This is by far the largest majority ever given a candidate for governor in Colorado, but is less than half of Bryan's majority for president. Arapahoe county, including Denver, gave about 10,000 fusion majority, and El Paso county, including Colorado Springs, 4,000. The republicans won in only a few counties in the eastern part of the state. Of seventeen hold-over state senators 11 republicans the republicans have secured two, and in three districts the result is doubtful. The fusions have an overwhelming majority in the legislature.

SOUTH DAKOTA.

SIOUX FALLS, S. D., Nov. 9.—Returns from twenty-seven precincts in the Black Hills show a net republican gain of 600. So far the net republican gain in the state is 1,400. The fusionists still claim the state, but it is almost certain the republicans have it on the entire state and congressional ticket.

TENNESSEE.

NASHVILLE, Tenn., Nov. 9.—The majority of McMillan, democrat, for governor, over Fowler, republican, is estimated at from 10,000 to 20,000. The democrats have a majority of the legislature. The republicans have carried the first and second congressional districts, the other eight giving democratic majorities.

NEW JERSEY.

TRENTON, N. J., Nov. 9.—The latest returns indicate that Foster M. Voorhees, a republican, plurality for governor will be between 8,000 and 10,000. There will be a republican majority in each branch of the legislature, insuring the election of a republican to succeed Senator James Smith, democrat.

VIRGINIA.

WASHINGTON, Nov. 9.—A Star special from Richmond, Va., says that state will send a solid democratic delegation to congress. All the ten democratic nominees have been elected, according to returns received late last night and today. The hardest fight was in the Ninth district where Judge Rhea, democrat, opposed General Walker, republican. Rhea has probably defeated Walker by 1,000 to 1,500 majority. The other democrats were from 1,500 to 12,000.

NORTH CAROLINA.

WASHINGTON, Nov. 9.—A Star special from Wilmington, N. C., says:

The democratic majority in the city and county is about 1,238. In the city proper the majority for the democrats is about 1,000. The republican majority for congressman two years ago was about 656. The republican leaders assert there was many purchases of votes, but that they counselled their followers not to resist it.

The Sixth congressional district is democratic by probably 4,000 majority. Two years ago it was carried by the republicans and populists by 5,000.

WEST VIRGINIA.

WHEELING, W. Va., Nov. 9.—In the first district, Wheeling, R. B. Dovener, republican, is re-elected to congress by 1,800 majority over Blair, democrat. The legislature is still in doubt, there being gains and losses on both sides. The majority on joint ballot for either party will be small.

CHARLESTON, W. Va., Nov. 9.—The election of Johnson, democrat, for congress in the third district, is conceded by Boston, chairman of the republican committee. Dovener, republican, is elected in the first district. Second and fourth districts still in doubt, but probably carried by republicans. State senate republican and lower house democratic, with vote on joint ballot still in doubt.

UTAH.

SALT LAKE, Utah, Nov. 9.—The democrats have elected Roberts to congress and carried the legislature, which will elect a United States senator.

Returns from sixty-two districts in the city and state gave Baskin, (dem.) for supreme judge, 5,620; Zane, (rep.) 6,824.

NORTH DAKOTA.

FARGO, N. D., Nov. 9.—Today's figures from the largest counties, although not complete, make the republican majority certain on entire state ticket from 4,000 to 4,500, except Holland, superintendent of instruction, who is running very close with a probability of defeat. It is estimated that the republicans have a majority in the legislature on joint ballot of 30. Republican gains are reported in many democratic strongholds. Spalding, republican, nominee for congress, leads the ticket by 500 to 800.

THE END IN SIGHT.

War Board of Enquiry Working Hard at Details.

CHICAGO, Nov. 9.—By working from 10 to 12 hours a day the war investigation commission arrived nearly at the end of the list of witnesses to be heard in this city. They will probably leave for Detroit tonight.

The traveling of the commission has all been done at night. Dr. Connor says they have seen only a stretch of seventy-five miles of country by daylight. Three sessions have been held every day except Sundays. The number of witnesses summoned for examination at Detroit is comparatively small and it is not thought that the committee will be compelled to remain there longer than two days, leaving for Washington some time on Saturday.

Prince George to Rule in Crete.

CONSTANTINOPLE, Nov. 9.—Great Britain, France and Italy have accepted Russia's proposal to appoint Prince George, of Greece, high commissioner of the powers in the island of Crete. The Turkish government has appealed to Germany and Austria against the proposal, but ineffectually.

French Mediterranean Fleet is Ready for Sea.

Preparations Are Completed for a Move of Some Sort—Great Activity at Toulon.

PARIS, Nov. 9.—The Echo de Paris today publishes a dispatch from Toulon which says the entire French Mediterranean squadron is ready for sea. It adds that Admiral Fournier, its commander, received a cipher dispatch last evening, whereupon he signalled to the Forbin, a third class cruiser, to bank her fires and the fastest torpedo boat conveyed orders to the admiral commanding the squadron of French cruisers and torpedo boats to assemble immediately at Toulon, where all the vessels are prepared for action and where the arsenals and ship yards have been worked all night. Later it developed that Admiral Fournier had been summoned to Paris.

SILENCE ENJOINED.

PARIS, Nov. 9.—The French newspapers, generally, approve the silence of the chamber of deputies on the subject of Fashoda and congratulate M. Brunot on his withdrawal of the interpellation which he intended to address to the government on the subject.

The Steele says it regrets that Major Marchand did not observe the same reticence at Cairo.

INSTANTLY KILLED.

Shocking Fate of Conductor H. W. Keller.

Falls From His Train at Hamilton, Ind.,

And the Wheels Crush His Head and Left Arm.

Was in the Service a Quarter of a Century and This Was His First Accident.

A terrible fate overtook Henry W. Keller, a Pennsylvania freight conductor, at Hamlet, at 6 o'clock this morning, while he was performing the duties of his calling.

He left this city at 11:30 o'clock last night with fast freight train No. 65, Chester Darnell at the throttle, bound for Chicago. At Hamlet the train stopped at the tower for orders. After receiving them Mr. Keller signalled the engineer to go ahead and then climbed upon the train several cars from the rear end, intending, it is thought, to walk on the top of the cars to the caboose. In stepping from one car to another, he fell between them to the track, and the wheels passed over him.

George Blackburn, the flagman, who was in the caboose, noticed the jar of the car, and divining the cause, signalled the engineer to stop and he ran back to the stilled form. Lying in the middle of the tracks. But he could be of no assistance, for the cruel wheels had performed their work well and the spirit of the conductor had already taken its flight.

Death was instantaneous. The top of the head was slit in two from the forehead to the base of the skull and the left arm was severed completely from the body.

The body was removed to a neighboring house and the railway officials here were notified of the accident. They in turn notified the family of the deceased and some of the members were up to Hamlet this morning. The remains, it is thought, will be brought here and then taken to Hammond, Ind., for burial by the side of other deceased members of the family.

Mr. Keller leaves a wife and eight children, several of them grown. He worked for the Pennsylvania company for a quarter of a century and for twenty-two years was a freight conductor. Most of his service in that line was on the Tolleston ice train and the Chicago and Valparaiso local. Two years ago he was given a fast freight run and he then moved his family to this city, where they now reside on Thomas street. Some months ago he told a friend that he had decided to retire from railroading soon and thought he would engage in farming. But he delayed action in that direction too long.

The deceased was born June 13, 1843, and was fifty years old.

Mr. Keller was one of the most faithful men in the employ of the Pennsylvania company and he not only had the confidence and good will of the officials, but he was held in the highest regard by the men with whom he was associated.

The funeral arrangements are not complete and cannot be announced until tomorrow. It is thought that the remains will be brought here on No. 8 this evening, though there is nothing certain about this at this writing.

BRICE'S THROUGH LINE PLAN.

In commenting on the through line planned by the Brice syndicate, of which the Lake Erie and Western is to be the western part, the Boston Advertiser says: "Railroad interests have been looking askance at Brice's projected line from Pittsburg to Jersey City. They have claimed that it could never be made to pay in the face of the poor showing the other roads are making. They have paused in their condemnation of the scheme in some alarm over its probable successful issue, now that the P. & W. has been secured in its interest. There should be little difficulty in the completion of the route. The Reading can furnish entry to Philadelphia and the Jersey Central to Jersey City, the latter making connection at Tamaqua and the former at Williamsport. Such a route would be only forty miles longer than the Pennsylvania one. It would open the valleys and lakes to the eastward and should receive a brisk coal trade from Pennsylvania."

CAN SHORTEN THE RECORD NEARLY AN HOUR.

J. B. Bacon, superintendent of motive power of the Wabash, who designed the engines that made the remarkable speed record last week, believes that the record can be shortened nearly an hour by the same locomotives under more favorable circumstances. The run referred to was made by General Manager Ramsey's inspection train from Detroit to St. Louis, a distance of 488 miles in 517 minutes. In the first part of the run the train was handicapped in various ways and it was unable to get down to business until it reached Peru. Then it traveled the remainder of the distance, 286 miles, in 278 minutes. Had it attained this speed on the Detroit end of the line, the entire run would have consumed about 468 minutes, making a record forty-nine minutes better than the one placed to its credit and the average speed, including the stops and slowups, 1.02 miles per minute or 61.2 miles per hour.

BEST OF THE SERIES.

Meeting at the Berry Street M. E. Church Last Night.

The meeting at the Berry Street M. E. church last night was the best of the series. Four signified their desire to become Christians. The divine presence was manifest from the very beginning of the service. The inclement weather kept many away from the meeting, who would perhaps otherwise have been there, yet there were a large number of unsaved ones at the church, and they seemed anxious to know the way of eternal life. The pastor, Rev. G. C. Cissel, preached the sermon, and presented the altar, and one soul was beautifully saved, and three others were seeking Christ.

This is the best spiritual awakening that the Berry street M. E. church has enjoyed for a number of years. The influences of the revival has been far reaching in its effects. The Sunday school, the Epworth league and every department of the church seems to have been infused with new life.

The meetings will be continued each afternoon and evening this week. The afternoon meeting will be held at 2:30 and the evening service at 7:30. The general public is invited to all these meetings.

THE SIMPLEST CURE FOR INDIGESTION,

As Well as the Safest and Cheapest.

The new medical discovery, Stuart's Dyspepsia Tablets, digest the food instead of making the worn out stomach do all the work, give it a much needed rest, and a cure of dyspepsia is the natural result.

You get nourishment and rest at the same time because these Tablets will thoroughly digest all the wholesome food taken into the stomach whether the stomach works or not. A cure is certain to result because the digestive organs are given a chance to rest and recover their natural vigor and tone. The Tablets are then no longer required.

To show the manner in which the remedy acts on different people and how quickly and effectually it cures stomach troubles we present a few recent cases.

Mr. J. U. Wendly, of Peoria, Ill., writes: I was unable to eat anything but the plainest food and even that often distressed me, but since using one box of Stuart's Dyspepsia Tablets I can eat anything and everything I want.

Mrs. Samuel Keppie, of Girty, Pa., writes: I have been entirely relieved of my stomach troubles by your Tablets. I suffered three years with sour stomach and gas at night. I am thankful for them.

Mrs. A. E. Bowen, Barnard, Vt., writes: I think Stuart's Dyspepsia Tablets are the best thing for dyspepsia I ever took. I will recommend them to anyone troubled as bad as I was.

Stuart's Dyspepsia Tablets will not disappoint because they cure Dyspepsia surely and lastingly by causing the food to be properly assimilated, and cure constipation by producing the proper quantity of bile. Sold by all druggists at 50 cents per package. Send for free book on stomach disease to Stuart Co., Marshall, Mich.

CORRESPONDENCE.

Queries as They Are Editorially Answered In Cupola Gulch.

As stated in last week's issue we publish in the present copy of The Mercury our first column of answers to correspondents. Queries can be submitted at any time by our subscribers, and, although we do not claim to be authority on every subject under the sun, we will endeavor to answer them. We have in our library a "Hoyle on Games," a copy of "Gus Vadis," Bill Hank's manuscript speech, which he delivered when running for the mayoralty of Red Dog, and a herculoi of agricultural reports, from which we expect to be able to call all the information desired by those who send us queries.

Q. In your obituary of One Eyed Jenkins you state he "died in harness." What does that mean? An Enquirer.

A. It means Jenkins was hung with a hitching strap.

Q. What is the name used by scientific professors for grizzlies? All such varmints that hibernate all winter? Daddy Bill.

A. Hibernians.

Q. Could a live business man make a fortune in the west at the present time? Eastern Speculator.

A. We don't know. We are pretty sure a dead business man couldn't.

Q. Are you going to open and try the Kneipp cure on the prairie in the early morning, but on told it is dangerous. Do you think so? Why?

Mrs. J. S.

A. We do! Ratifies!

Q. If I am out walking with a gentleman and another gentleman comes and raises mortal wrath to speak to me I am with, how far would it be polite for me to walk away while they interview each other? Moss Rosebud.

A. If the gentleman that wants to speak to your gentleman has a gun in his hand, it would be the height of politeness for you to walk away a couple of miles. If you can't make it, fall flat on the ground and trust to luck.

We have in the pigeonholes of our desk several hundred of these interrogations, but we haven't space to print all the answers in this issue. Some of the answers we find in Hoyle, some in the agricultural reports, and some we don't and can't find an answer to a question we open up on "Gus Vadis." Wanteredly to answer them at any and all times for paid up subscribers. So send them in, bright—Cincinnati Enquirer.

It is enough to say that we have far exceeded our expectations, and the mammoth stock we provided in advance, proves that we exceeded much. Dr. C. E. Barnett has returned from Chicago, where he attended the bedside of Dr. W. F. Schrader, who recently underwent an operation for gall stones.

Among the guests at the New Wellington: Harry Schoene, Indianapolis; James Marshall, Terre Haute; M. K. Ebhart, Toledo; Judge Courtwright, Cleveland.

Among the guests at the Wayne: J. L. Head, Peru; F. F. Knight, Grand Rapids; George W. Miles, Syracuse, Ind.; M. A. Squier, Grand Rapids; T. C. Morris, Columbus, Ohio.

About forty men met at the residence of Diedrich Meyer last night and completed arrangements for the social to be held in the parlors of Trinity Lutheran church on Friday evening, November 11.

George Depner, former corporal in the Twenty-eighth battery, has gone to Indianapolis to enlist in the regular army in the artillery service. It is thought that several more of the Fort Wayne soldiers, having become accustomed to army life, will join the regular service.

Among the visitors to Chicago this week for the purpose of attending grand opera will be Mr. and Mrs. Charles McCulloch, Miss Edith Yarnelle, Miss Lowry, Miss Lanham, Mrs. H. C. Paul and daughters, Clara and Alice, Miss Schade, and Miss Hoecher, Mrs. A. S. Lautz and Mr. and Mrs. Bliz.

The services at Wayne street last evening were full of power. The audience was not so large as usual, because of the rain and other causes, but the interest was great. One lady was converted and others took advanced ground. The Bible study this morning made a deep impression. Service this evening at 7:30. Rev. Mr. Mountain will preach. Mr. Gilbert sings solos at each service. Everybody welcome.

Old Medal Placed Up.

A Waterloo, Iowa, jeweler has an interesting relic in the form of a medal cast in 1809 in commemoration of the consummation of a treaty of peace between certain Indian tribes of the Ohio valley and the United States. On one side of the medal bears a bas-relief portrait of President Madison and the words: "James Madison, president of the United States, 1809." On the obverse there are symbolical devices, one being a pipe and tomahawk crossed, the pipe overlaying the weapon, indicative that peace is supreme over war. A pair of clasped hands are shown, the wrist of one hand being naked and the other showing the embroidered cuff of a soldier's coat sleeve. This particular medal was plowed up in Nebraska, and was about eight inches underneath the surface of the ground. It is of silver.

Dislikes Her Red Waist.

The other day at Brighton, N. J., a bull that was being led along the street by its owner sought assault of a ugly red waist worn by a young woman as she sped past him on her bicycle. The bull started on the rampage, scattering pedestrians right and left. Its owner, too, was thrown for a time until he was secured and subdued.
